VOL. LXXIV. Number 12

Three Precincts Set Up For Oct. 10 Election

Three election precincts have been set up in the Antioch Township school district for voting Oct. 10 on the question of building a new high school structure, buying a site and issuing bonds to cover the cost.

Precinct No. 1 will include all of Antioch and Newport Townships in school district 117 with the high school building as the polling place.

Precinct No. 2 with the Lake Villa grade school building as the voting

place, will include Lake Villa Township that is in the school district area.

Precinct No. 3 will consist of that part of Antioch Township high school district No. 117 in the Lindenhurst area. Voting place will be the B. J. Hooper school at Lindenhurst.

Polling places will be open from 8 a.m. to 8 p.m. in all three.

The school board asks for the right to build a new high school

building on property located at the Loon Lake and Deep Lake roads near the Oakland school building, containing about 50 acres.

THE LAND area measures about 1,320 feet east and west and 1,650 feet north and south on the southeast corner of the intersection.

Bonds totaling \$1,895,000 would be sold for the purpose of acquiring the property as an additional school site and for building the high school structure.

First bonds of \$100,000 would come due on Feb. 1, 1963 and would mature in varied amounts every Feb. 1 after that until the final \$100,000 on Feb. 1, 1974.

Interest rate would be not to exceed 4 1/2 per cent per year, payable on Feb. 1, 1962 and semi-annually thereafter.

The high school board voted to hold this election at a meeting in the school building last Wednesday evening.

Earlier this year the voters in the high school district had defeated a similar proposal.

IT WAS pointed out that since that time the cost of the land had risen to \$25,000 for the 50 acre tract and increased costs of materials, labor and the like had raised the need for money.

Atty. Ted Larson and Eugene Blanchard, consultant for the Lake County Civic League, estimated the tax increase would be \$26.80 on a \$10,000 valuation.

The average for the entire amortization was estimated at \$28.30.

In other business last week, the board adopted a budget calling for an expenditure of \$371,375 for education; \$80,100 for building fund and \$19,730 for transportation.

The levy approved calls for \$435,000 for the education fund, \$80,000 for the building fund, \$11,600 for the transportation fund, \$5,600 for municipal retirement bonds and \$28,000 for working cash.

Channel Lake Couple Enjoy Sweden Visit

Mr. and Mrs. Fritz Rydberg, of Channel Lake, returned Saturday from a four month trip to Sweden. They traveled by air both ways, flying directly from Chicago to Stockholm and vice versa.

The couple covered the country of Sweden quite thoroughly, as Mrs. Rydberg has three sisters living there, and Mr. Rydberg has two brothers there, all of whom enjoyed their visits.

Mr. Rydberg came to America 36 years ago, and his wife 34 years ago. The couple met and were married in Chicago. This was their first trip back to their homeland.

Cookie Sale Planned

Lakeside Council Girl Scouts in its seven neighborhoods, Gages Lake, Wildwood, Grayslake, Round Lake, Fox Lake, Ingleside, Antioch and Lake Villa, will be taking orders for Girl Scout cookies Oct. 5 to 9.

Deliveries will be made Oct. 24, enabling many families to use the cookies for Halloween trick or treat surprises.

This annual cookie sale is the only way Girl Scouts have of raising funds to carry on their troop and camping programs for the year.

Two Persons Injured

SALEM, Wis.—Two persons suffered injuries when an auto and a truck collided on highway 50 at Paddock Lake Sunday afternoon.

Leon N. Neau, 28, of Camp Lake, the truck driver, suffered a cut right hand and a sore neck. Irving Riggs of Salem received a cut on his left hand. Cleo I. Riggs of Salem was driver of the auto involved.

Scout Leaders Needed

New leaders, committeemen and women, helpers are needed in all the neighborhoods of Lakeside Council to help carry out the tremendous program of Girl Scouting, so that girl scouting may be brought to more girls everywhere.

Call Mrs. W. F. Bruhn, council president at Baldwin 3-3361 for full information.

Wilmot Church Schedules Centennial Observance

(See Pictures Pages 1 and 2)

WILMOT, Wis.—The centennial observance of the Holy Name of Jesus parish and formal dedication of the new Holy Name school-church-convent building will be held Sunday afternoon, Sept. 27.

Archbishop William E. Cousins of Milwaukee will be among those attending the observance and will speak and preside at the dedicatory 10:30 a.m. mass.

He will administer the sacrament of confirmation at 3:30 p.m.

Dedication Sunday will mark the formal occupancy of the new \$345,000 parish structure located just east of the Fox river bridge near Wilmot on which ground was broken in May 1958.

Classes convened in the partially constructed building in the fall of 1958 and the first mass was sung in the new church on Christmas eve of that year.

CHURCH, SCHOOL and convent are combined in the new building, and in addition to seven classrooms now in use, there is space for six more.

The old church seating about 200 persons is located across the high-

way on a knoll overlooking the new structure.

Four hundred twenty-five persons can be seated in the modern new building with an additional seating capacity of 400 when retractable walls are opened behind the altar to convert the gymnasium into a summer church.

About 100 clergymen are expected to attend the Sunday dedication services and dinner which will follow the service at noon.

Wilmot's Holy Name parish was established in 1865 by a group of 20 Irish immigrants under supervision of the late Rev. Henry Schroudenbach, founder and first pastor of St. George's church in Kenosha.

THE FIRST church building was located on a two acre tract of land east of the village, known as college hill. A larger church was built in 1870 and a third in 1905.

Fire destroyed the building in the summer of 1915 after lightning struck the steeple. The present, old red brick church was built to replace it.

The Rev. Harold O'Connor, who came to Holy Name parish about 1942, is credited with establishing the grade school and negotiated for the purchase of a 34-acre tract which became the present building site.

After transfer of Fr. O'Connor to the Lake Geneva parish of St. Francis de Sales in 1957, the Rev. Harold Herbst was assigned to the Holy Name parish.

He has carried out the parish construction program to its present point.

Caution Urged While Driving To 'Big' Game

As another exciting football season moves into high gear, the Chicago Motor club urges motorists to exercise extreme caution when driving to and from the big game of the week.

The club advises fans to get to the games early. This means starting early so as to allow plenty of time for driving at safe speeds.

Other motor club suggestions for safe motoring on football weekends include:

Don't let the outcome of the game influence your safety habits behind the wheel. Drive safely whether your team wins or loses.

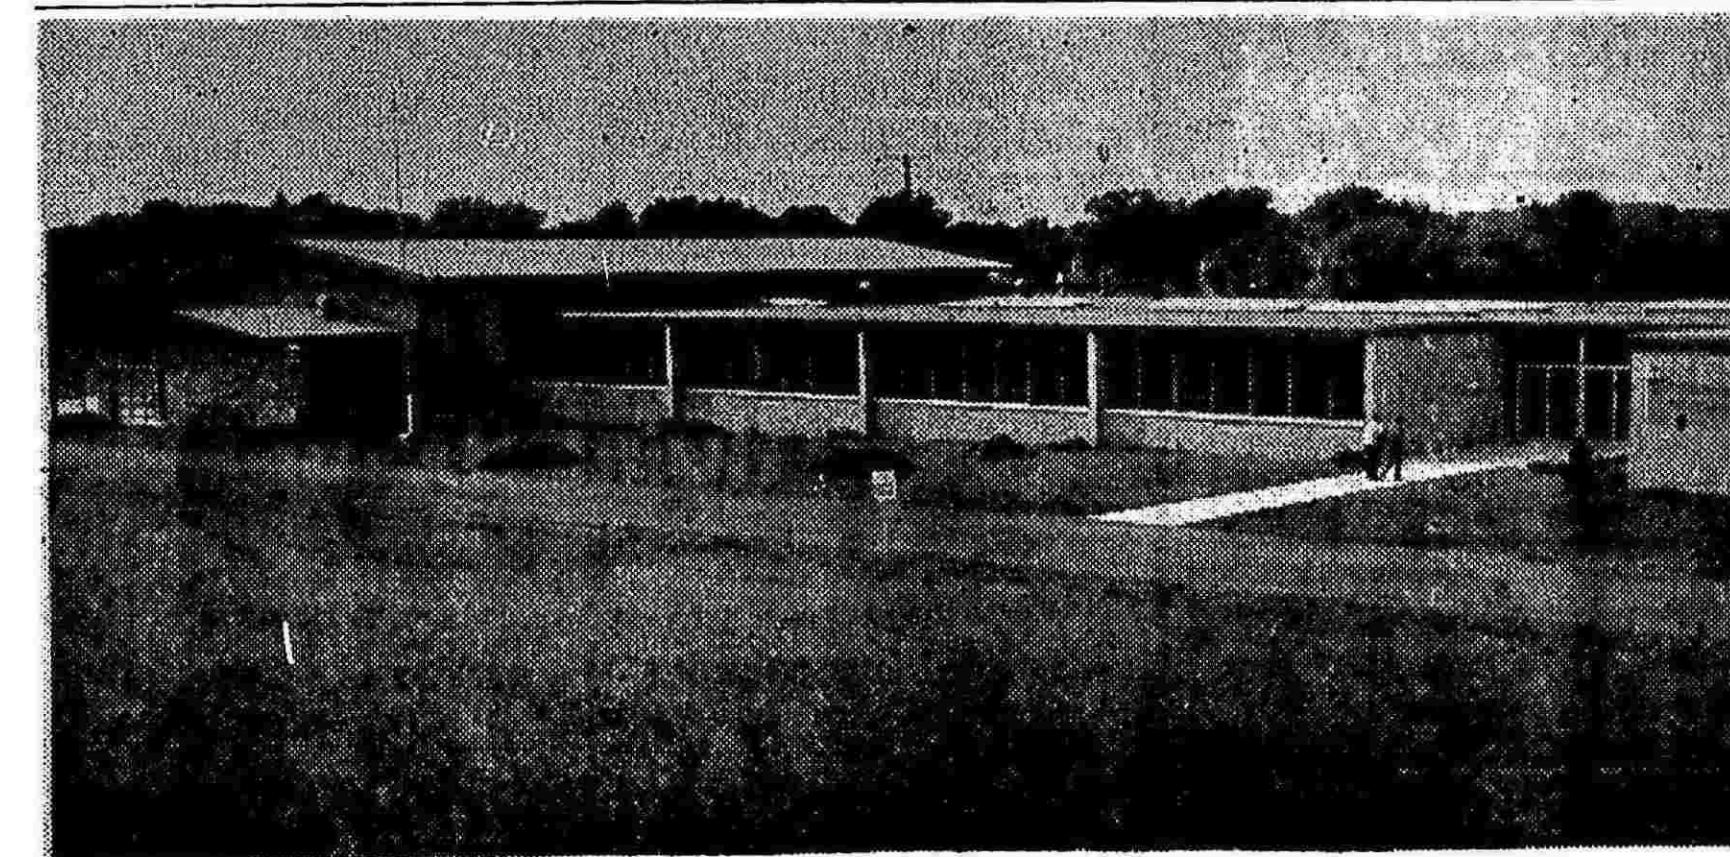

If you plan to do any social drinking in celebration of the event, turn the wheel over to another driver.

Don't try to drive too far or too fast. Limit your driving mileage to comfortable and safe distances.

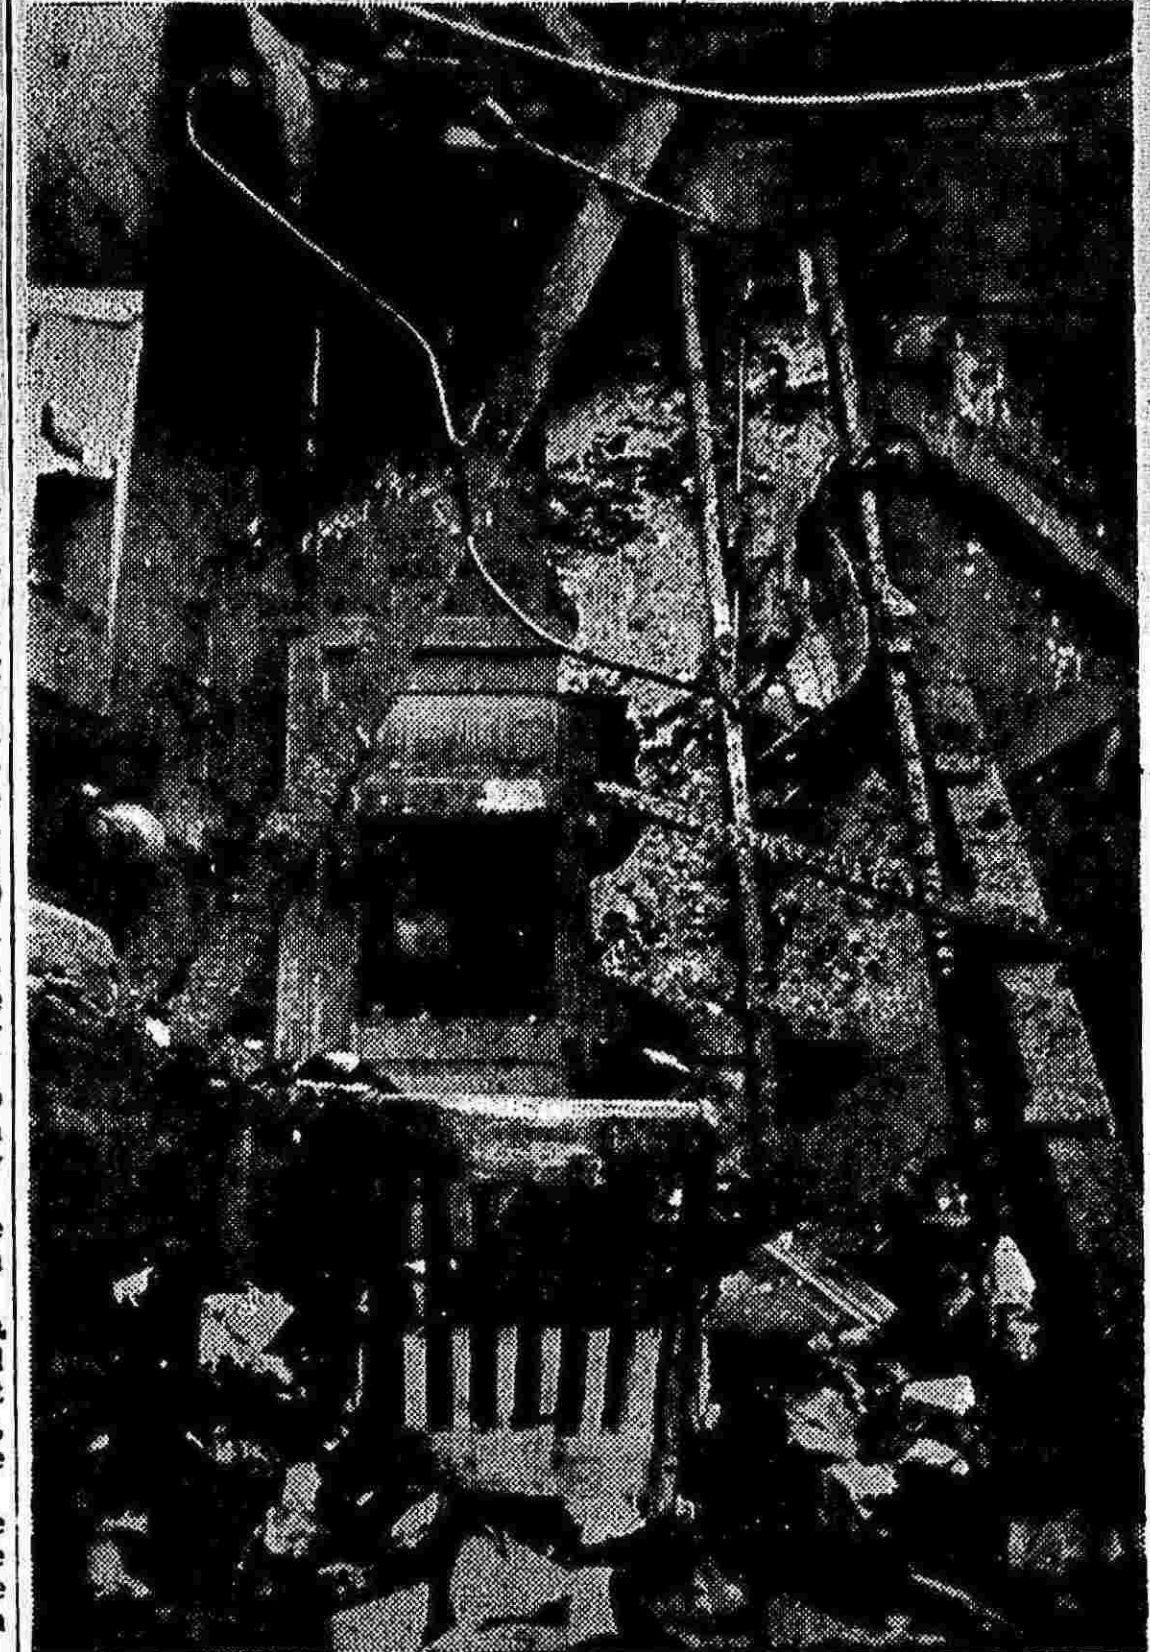

Remember: You're the quarterback behind the wheel of your car. You call the offensive and defensive signals on the street and highway.

In football, a daring gamble sometimes pays off. It never does while driving.

Always play it safe!

NEW HOLY NAME church-scholar-convent near Wilmot will be dedicated at ceremonies Sunday, Sept. 27, with Archbishop William E. Cousins of Milwaukee in attendance. This also will mark the centennial observance of the Holy Name of Jesus parish. The picture taken from the hillside near the structure shows most of the building, including the gymnasium at the left. Classrooms are back of the windows in the center. One of the main entrances is at the right.

FIRE DAMAGE. Here is a small section of the Willowdale Dairy Co. plant in Antioch as it appeared Tuesday morning after a blaze swept through much of the building. Firemen from Antioch, Lake Villa and Fox Lake battled the flames for more than three hours. Loss was estimated by local fire department officials at about \$250,000. Gasoline storage tanks nearby and other tanks in the building threatened to explode during the blaze.

Questions, Answers on School Heard At Channel Lake Meeting

(Also See Story Page 12)

CHANNEL LAKE — Approximately 70 persons were in attendance at the 1959-60 initial meeting of the Channel Lake PTA held at the school building in the latter community last Wednesday evening, September 16.

Mrs. Kay Lasco, president of the association called the meeting to order and introduced other members of the executive group seated on the platform. They were Mrs. Eberman, Mrs. Eckert, Mrs. Luloff, and Mrs. Wittleder.

Five of the seven member school board were present and after taking their places on the platform were introduced to the audience. They were: Russell Roepenack, president and Lee McKinney, Elmer Eberman, Elmer Meierdick and Mrs. William Chase. Elmer Eberman spoke briefly outlining the specific duties and obligations of a school board.

After the school board had retired from the platform, Mrs. Wittleder, program chairman addressed the audience and stated that she had arranged as program for the evening to have a discussion of the proposed new high school for Antioch and community and introduced Mrs. Ruth Seyfarth a member of the high school board and Mrs. Bette Meyer and Mrs. Helen Kopriwa as members of the advisory council who were there to explain the intentions, plans

and general business of the matter at hand and answer any questions from the floor concerning them.

There followed a lively discussion with many of the people in attendance taking active part. The three women presented the proposition in a clear concise manner and several perplexing questions were presented and an explanation offered. Since the purpose of the program at the meeting was merely to inform there was no action taken nor any expressed opinion of the group as a whole in regard to their position in the matter of the proposed new high school.

Let's Take A Look!

1. "Is there room for expansion on the present site?"

The present high school is situated on a piece of property which appears to have ample remaining space for expansion. However, remember that not only the building itself but the parking facilities and recreational grounds must also be enlarged in order to accommodate an increased enrollment, since they, too, are already filled to capacity.

There is, of course, space available to add additional classrooms, utilizing the parking lot area. But a solution of this type must be self-limiting as there could be no possible further enlargement.

Suppose we try to picture an L-shaped addition attached to the pre-

This column will appear under this heading each week in an attempt to answer questions pertaining to the proposed Antioch high school building. If you have a question, address it to the Antioch News, Antioch, Illinois.

sent building at the south end — extending west, and the north, so that a U-shaped building would result, with the open end of the U facing toward the parking lot at the north.

If this new area, built two stories high, were utilized entirely for recommended size classrooms, that would add a total of 20 classrooms, accommodating 600 students.

However, at least half of this area would have to be used instead for duplication of special areas, such as library, cafeteria, etc. and this would leave space for only 300 students.

Traffic would still have to flow through the old building. We know that a good traffic pattern is as important in a school as in a home.

The present allotted four minutes between classes would not allow a

\$250,000 Damage Done To Structure

The Willow Dale Dairy Co. plant in Antioch seriously damaged by a \$250,000 fire late Monday night, will be rebuilt.

That was the word Wednesday noon from the company owner, Sam Lerner of Highland Park.

Work on the reconstruction will start as soon as possible so that people working in the plant can return to work, he said.

The firm has been making deliveries as quickly and as many as is possible since the fire although the damaged plant cannot be used, a company spokesman said.

Arrangements were made soon after the fire to continue deliveries.

About 12 men were employed in the plant before the blaze and the firm also employed delivery people and office help.

THE OFFICE force was functioning Tuesday morning. Telephone company men had strung new lines into the plant to replace those burned so business could continue.

The entire Antioch fire department force of trucks, men and other equipment was joined by firefighters and trucks from Lake Villa and Fox Lake in battling the flames.

It was discovered about 11 p.m. Monday by an unidentified person who reported the fire to police. They in turn notified the firemen. Flames were seen shooting from the building.

Cause of the blaze was not known, although it is believed to have started in the compressor room.

Wednesday morning machinery was still covered by fallen beams and debris to make it difficult to estimate the exact amount of damage, or to learn the fire's cause.

Firemen succeeded in preventing the flames from spreading to the Standard Oil Co. bulk plant nearby and to a nearby lumber company yard.

TWO FIREMEN were slightly injured but no one else was reported hurt.

The roof of the 100 by 225 foot dairy building was a mass of ruins by Tuesday morning and even as late as that noon a crew of firemen wet down portions of the structure.

Some smoke was still visible late Tuesday morning rising from the north part of the building.

Firemen pumped water from the nearby swimming pool to augment the city's supply from water mains.

One Soo line freight train was held up by the flames and another passed the scene successfully.

It was the second blaze at this dairy in less than two years. The company's office was damaged in December, 1957.

Adult Evening School Sign Up Due Oct. 5

Antioch Township high school Adult Evening school registration is set from 7:30 to 9 p.m. Monday, Oct. 5, in the school office.

Woodworking and beginning typing will be taught providing 10 or more pupils enroll. Other subjects will be arranged if the minimum number of students desire them.

Meeting nights for the series of ten weekly lessons will be set by the pupils and teachers following enrollment.

student sufficient time to get from one end of such a floor plan to another.

We must remember that such an addition would have to be built to connect with the original portion of the school building, which was built in 1915.

This means that in 1960 that portion of the building will be 50 years old. Will this section meet state safety regulations indefinitely? Would it be wise to use such a plan? The purchase of the homes now situated on the northwest corner of the block where the present building stands could not possibly contribute enough additional space to justify the cost of acquiring it.

As a matter of fact, the property that the board recommends be purchased on the southeast corner of Deep Lake and Loon Lake roads is available at no greater cost, and probably less.

The estimated value of these houses is in the neighborhood of at least \$15,000 apiece — a total of \$45,000, whereas the Oakland property would range between \$20,000 and \$30,000 for the entire 50 plus acres.

This does not take into account additional expenses that would necessarily follow if these homes were purchased, since they would have to be removed from their present sites.

Remember, too, that following the

DEAR READER News Editorials

News And Its Coverage

The Reader's Digest recently published a quip from a California paper which said "If you don't want it published in the Nugget, don't let it happen." Well that newspaper really tells the story of getting the news. Sometimes we slip up. We let some stories get by us but as long as it is legitimate NEWS a newspaper should report it to its readers.

Funny thing about a newspaper particularly a weekly paper in a suburban or country community. Everybody depends on it and considers it their very own. A local weekly is definitely a very important cog in the machinery of a community. It is usually privately owned but dedicated to the public good. It more often than not reports things in the public interest receiving no pay for that particular service when it could very well use the money that should be forthcoming.

It is a weekly newspaper in a community such as Antioch that people turn to when they want anything "aired" or "publicized". It is well read and can be depended upon because it is a pillar for progress and has a record of achievement. It is therefore consistent that its pages also contain worthwhile advertising that can also be relied upon for it is by this means that it can continue to function.

So, we'll go The NUGGET a little bit better, "If it does happen, You can find it in the NEWS."

DEATH NOTICES

CHARLES SCHEUNER

Charles Scheuner, 76, Woodcrest subdivision, Channel Lake, died Saturday morning in Victory Memorial hospital, after a two year illness.

He was born January 20, 1883, in Berne, Switzerland. He came to America as a boy in 1888, and had lived in Chicago where his family settled, until coming to Antioch two years ago.

He was a member of the Swiss Benevolent society of Chicago and was a retired polisher. He had been employed at Scharp & Smith, a surgical instrument company in Chicago.

Mr. Scheuner is survived by one sister, Mrs. Elizabeth Schildnecht of Evanston, and one brother, Ernest of Channel Lake, with whom he lived.

Private services were held Monday at Strang's funeral home, Antioch.

CARL O. CARLSON

Carl O. Carlson, 83, 7th Ave., Deep Lake, Lake Villa, died Wednesday evening, Sept. 16, in an ambulance on the way to the hospital. He had been ill only two days.

Born in Sweden on Aug. 31, 1876, he came to Chicago as a young man and moved to Lake Villa on his retirement 10 years ago.

He had been employed as a machinist with Pettibone Mulliken in Chicago for 50 years.

Survivors include his widow, Car-

rie; one son, Paul R. Carlson, Lake Villa; two brothers in Sweden, and five grandchildren.

Services were held Saturday at Strang funeral home, Antioch, with the Rev. Gerald Robinson of the Lake Villa Methodist church officiating. Burial was in Ridgewood cemetery in Des Plaines.

LORRAINE L. ROMIE

Lorraine L. Romie, 40, of Salem, Wis. died Sunday in Zion Community Hospital after a three month illness.

Born Lorraine Fleming on June 20, 1919 in Chicago, she attended Harriet Beecher Stowe school and Tulley high school there.

She was married to Willard C. (Bud) Romie on October 4, 1939 in Wilmet and moved to Salem at that time.

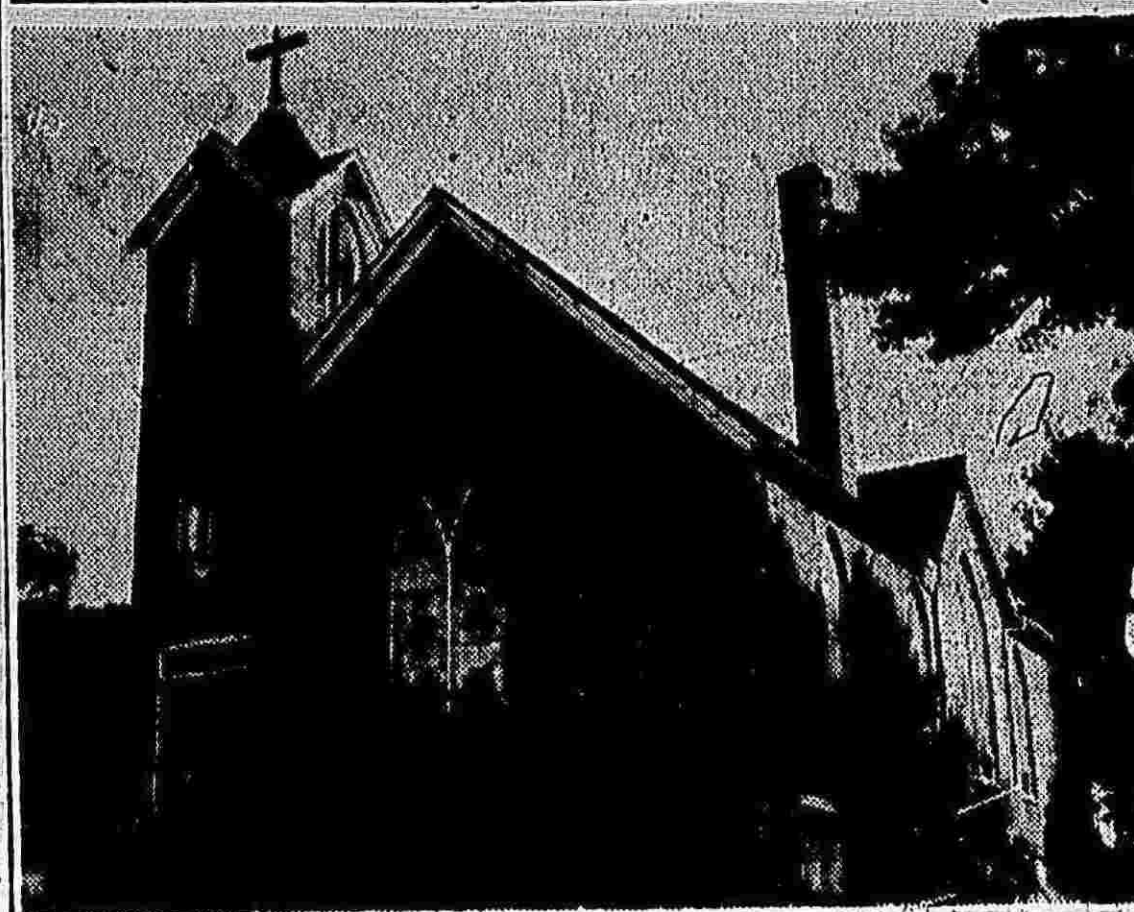

Mr. Romie is employed on a rolling machine at the Quaker Stretcher Co. in Kenosha.

Other survivors include one daughter, Mrs. Patricia Marks, Salem; her parents, John and Mamie Fleming; a grandmother, Marie Burnlister, Chicago; four sisters, Mrs. Eleanor Boggs of Chicago; Mrs. Grace Merritt of Bensenville; Mrs. Pearl Merritt, Anaheim, Calif. and Mrs. Marie Carson, Chicago.

Funeral services were today (Thursday) at 1:30 p.m. at Strang's funeral home, Antioch, with the Rev. Carroll Usher of Salem Methodist church reading the service. Burial will be in Liberty cemetery.

The Antioch News

Page of Opinion

OLD CHURCH. This is the older Holy Name of Jesus church near Wilmot that has been replaced by a new church-school-convent structure located across the road from it. This was constructed after a former building had been destroyed by fire in 1913. The old and new buildings are located just east of the Fox River bridge.

School Board Explains Reasoning Behind Stand

(The following statement was issued this week by the Antioch Township high school board of education relative to the proposed new high school building.)

Several letters to Editors have already appeared in newspapers regarding the Antioch High School proposed building program. It is probably fitting that at this time the Board of Education explain their position and reasoning in the matter.

First, let us explain the duty of a Board in such a matter. Much literature has been written in educational publications that place a clear cut responsibility with the Board. Long range planning is considered paramount, not only in the financial aspect, but education of the children as well. The taxpayer is never forgotten, he's never allowed to be, but the educational welfare of the children has a way of being lost in the shuffle, which in the opinion of this Board is a sad situation.

In our case the High School Board studied the educational and building problems facing it and came to the decision it would be wise to invite interested persons representative of the entire district to make an independent study of the entire program. After much sincere consideration and work on the part of all (between 50 to 60 people), there was a unanimous concurrence in opinions that the best possible solution would be to acquire a new central site and build a new High School. As everyone now knows, that proposal was defeated in May.

It was then felt a further study should be made with another Citizens' Advisory Council to clear up certain areas of objections. Some of the old members who were still interested and willing to "dig" further were joined by some newcomers. Again after a study was made it was agreed by a large majority that the best possible solution was the old proposition for the following reasons:

1. We were offered the opportunity to purchase 50 1/2 acres of property at a very nominal cost where future building expansion could take place in the most economical manner possible. Other properties were considered but were found to be higher in price and not as advantageous. The size of the site has been recommended and approved by the State Department of Public Instruction. The location is as near the center of the population of the District as it is possible to find.

2. Consideration was most certainly given to an addition on the present site; however, it was very definitely felt that it would not lend itself to the continuing expansion that will be needed with enrollments soaring through the years to come. If we knew that our enrollment would level off to perhaps 1200, an addition probably would have been our solution; however, very conservative projections show that 1967 will see 1600 pupils in the High School, and by 1970 at least 2000.

The architect has given us a drawing of a possible addition on the present site which with the present building would house 1200 at an estimated cost of \$1,500,000. The proposed site at Deep Lake and Loon Lake Roads, will in the first stage of building contain classrooms to serve 900, and the special areas will be provided to serve an ultimate of 1600 students. Therefore, for the present, we would acquire space for 1550 students (650 in the Antioch building and 900 at the Deep Lake-Loon Lake Road school) for \$1,895,000 — where additional classroom space could be added very economically.

An L or U-shaped addition at the front of the present building would almost necessarily entail attaching to that part of the building which was built in 1915. The Board feels this would be unwise because the corridors and other basic features in the old building were not designed for further addition. Adding to the north would either mean acquiring property by straight purchase or condemnation at a cost out of proportion to the space to be gained, or losing parking space that is filled daily, therefore justifying the need for it.

3. We have kept in mind at all times that we have been elected to serve ALL of the ADULTS AND CHILDREN of our Antioch-Lake Villa-Lindenhurst combined districts fairly and equally, and feel that a centrally located site should not seem unreasonable to any one area.

Were it legally possible to do so, we would like to give the voters a ballot carrying an alternative, however, by statute that is not possible. Consequently, we had to make our decision, present it, and hope the voters will feel satisfied that our reasoning is logical, that our plan is more practical and economical as a long term financial program, and ABOVE ALL will allow us to develop an ever-improving education program for our children.

DEAR EDITOR Your Letters

Letters on your opinions are welcomed to this space each week. Equal weight is given on this page to your ideas and the paper's ideas on subject matter. Letters must be signed with complete names and addresses but will be withheld upon request. No letter should exceed 300 words.

Antioch News,
Antioch, Ill.
Dear Editor:

On behalf of our board of directors, executive director and the 494 handicapped employees at Goodwill Industries of Chicago, please accept our sincere thanks and grateful appreciation for your successful effort in publicizing our dire need for clothing during the severe winter months.

The public, who responded enthusiastically to our plea, will be gratified to know that the 28 handicapped people who would have been

laid off because of lack of material, are busy working at the Goodwill plant repairing the donated clothing.

The generous reply to your appeal enabled our non-profit organization to employ an additional 72 disabled people of all races and religions.

We are certain that with the public's continued co-operation, we will be able to hire many more deserving handicapped men and women on our waiting list.

Sincerely yours,
Ken Plummer
Promotion Director

Auto Racing Year Closes

WILMOT, Wis. — Final night of racing at the "Little Indianapolis of Wisconsin" in Wilmot last Saturday was a dandy, especially for the Racine boys who won five out of six events.

Temper flared and fences flew as the powerful modified stock cars roared and snorted around the quarter mile oval.

A crowd of 2,061 people paid to see the final event of the fall and contributed \$950 to the driver purse to divide among the 51 cars that qualified for the night's events.

Eddie Check won the first heat, followed by Jim Sobna of Racine and Darv Wissen of Fox Lake, Ill.

Second heat honors went to Ron Larsen, Racine, with Jim Dixon of Ingleside, Ill., second and Russ Olson, Racine, taking third.

Rod Fuller, Racine, was first in the third heat, followed by Russ Sorenson, Racine, and Lloyd Gayhart, Kenosha, second and third.

The fourth heat also went to Racine boys with "Uncle Miltie" placing first, Eric Johnson of Highland Park, Ill. second, and Hennie Heyden of Barrington, third.

During intermission a 15-lap quarter mile midget race was put on, with the oldest person taking part being a 12-year-old girl.

Jim Gohar, Racine, was the final winner, followed by Jack Nolan of Waukegan, Sorenson, Larson and George Belganie of Waukegan following in that order.

Eric Johnson of Highland Park won the 35-lap feature, followed in order by Milt Curcio, Frank Semoris of Milwaukee, Len Hammie of Kenosha, Ed Irving of Round Lake, Jim York of Mundelein and Ronnie Crane of Round Lake Park.

Stop for Bus

Illinois motorists are reminded by the Chicago Motor club that this state has a law requiring vehicles to stop when a school bus is discharging or receiving children on a highway.

This law applies to drivers approaching from either direction, except on expressways divided by a median strip or parking area, where the driver does not need to stop if approaching the school bus from the opposite direction.

Illinois law does not require drivers to stop for school buses in business or residential districts.

However, even when the law does not require a stop, the motor club advises drivers to be thoroughly cautious when approaching school buses at any time—whether on the open highway or in urban areas.

A safe stopping distance should be maintained at all times between the approaching car and the school bus, as the buses stop frequently to take on or discharge children.

Whenever a motorist spots a school bus, he should be especially alert for children running to or from the bus.

BOWLING

Thursday Night Bi-State League
This league started with a bang Sept. 3 and after 9 games we find a dark horse on top, Adolph's Channel Inn, with 7 wins and 2 losses. We have two new sponsors, Gordon's Weather Strip and Roepenack-Masonry. The other ten are repeaters. We welcome you to our league and wish you lots of luck. Rudolph's Turkeys have high team series with 2800. John Gaa has high team game 1007. Bill Olson has high individual series 653 and Roger Strattan has high individual game 264. Roger Strattan also leads the league with a 196 average.

Standings	W	L
Adolph's Channel Inn	7	2
Lakes Tile Co.	6	3
Rudolph's Turkeys	6	3
Kirchmeyer Construction	6	3
Beauti-Vue Products	6	3

Oakland School PTA Hears Of High School

The Antioch high school building program was the prime topic at the first meeting of the Oakland school PTA Monday evening.

Robert Denman, chairman of the high school board; Mrs. Bette Meyer and Roy Truelsen discussed the subject.

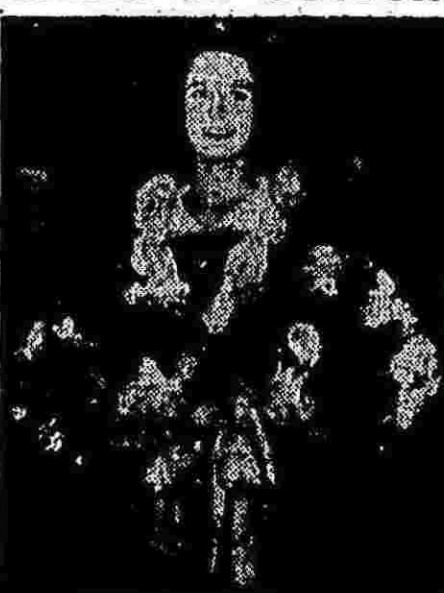

Clifton Houghton, principal of the school, installed the following officers for the year:

Mrs. Ruth White, president; Mrs. O. W. Turner, vice president; Mrs. Jill Erickson, secretary; Mrs. C. Lichtenstein, treasurer; Mrs. Pearl Taylor, publicity; Mrs. Gloria Carrick, membership.

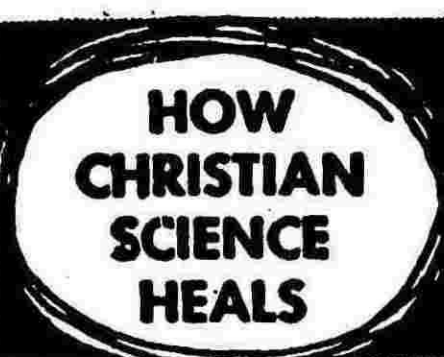

Meeting nights were changed to the first Monday of each month so as not to conflict with the Antioch grade school PTA program.

Houghton discussed the school's daily program after which coffee and cake were served by mothers of eighth grade students.

Maid of Cotton

Miss Malinda Berry, American Maid of Cotton, has just completed a world-wide good will tour. The charming young lady spent a week in Japan (shown above on her arrival in Tokyo). Japan is the largest customer of American cotton and is second only to Canada in total purchases from the United States. In fact, Japan buys more cotton from us than the total amount of cotton goods which she sells to us. Looks good when it's worn by Miss Berry!

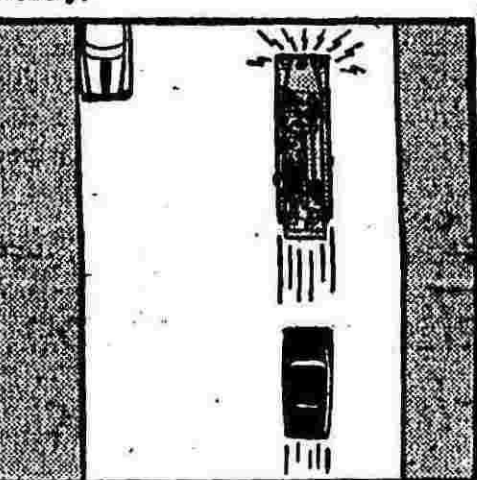

STATION WNMP 1590 kc SUNDAY 9:15 A. M.

Tips on Traffic Safety

By CHARLES F. CARPENTIER Secretary of State

Some motorists insist upon following emergency vehicles. This seems to be particularly true in the case of fire engines. Apparently they are unaware or do not care, of the law which prohibits following fire apparatus too closely.

The law (Sec. 96, U.A.R.T.) specifically states that "the driver of any motor vehicle other than one on official business shall not follow any fire apparatus traveling in response to a fire alarm closer than 500 feet or drive into or park such vehicle within the block where fire apparatus has stopped in answer to a fire alarm."

When driving near the scene of a fire, motorists should be on the alert for fire hose. According to law, (Sec. 97, U.A.R.T.) no vehicle shall be driven over unprotected hose of a fire department when laid down on any street or private driveway to be used at any fire or alarm of fire, without the consent of the fire department official in charge.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

Boys, Girls Register Saturday For Bowling

Boys and girls of grade school and high school age interested in bowling are to register at the Antioch Bowl on Saturday.

Last year the high school people bowled in the morning and the grade school students in the afternoon. Eighty took part in the latter group a year ago.

Anyone going to school, whether living in Antioch or in nearby communities, will be welcome to compete. Minimum age would be set at 9 or 10 years old.

The program is a part of the American Junior Bowling congress setup.

\$1,200 Still Maximum Social Security Man, Lady Earns in Year

Twelve hundred dollars is still the magic number for retired workers.

If they earn \$1200 or less in a year or are over 72 years old for the entire year they can get social security checks every month.

However, if a retiree who is under age 72 during the entire year earns over \$1200 a year but less than \$2080, some checks may still be due him.

The number of checks depending on his total annual earnings.

Social security also has a monthly retirement test. Even though a person continues full-time work he may still get social security checks for any month in which he earns \$100 or less as an employee.

Before this year the figure was \$80 a month.

Self-employed people can get checks for any months they are not actively engaged in their business.

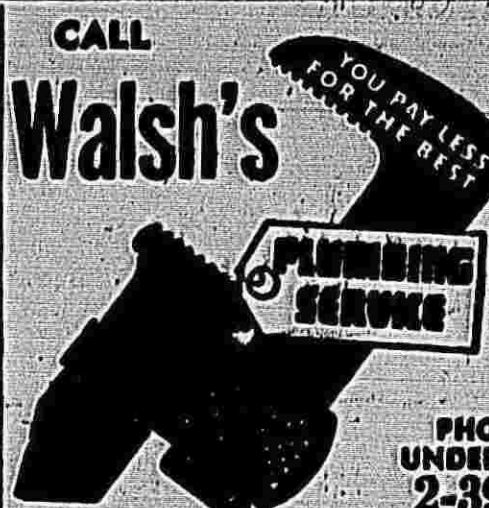

Thus, if a person is sick or on vacation for a long time he may get some checks even though not "retired" in any months.

For further information on how work affects social security benefits write or visit the social security office at Waukegan, Ill.

Topics for Today's Women

Mountain Climbing Is a Highlight Of Wisconsin Visit by Girl Scouts

Several Gages Lake-Wildwood Senior Trail blazer and Intermediate Girl Scouts of troop 85 and 88, Lakeside Council, had the thrilling experience of learning mountain climbing at Devils Lake, Wis. this past summer.

They and several friends were guests of their scout leader, Mrs. Frank Foley, and family on the last week of their vacation.

Mrs. Foley, Janet Hanley, Karen Jewel and Sharon Foley made a fourth class climb which is 500 to 600 feet above the lake on the west face.

Third class climbs were made by Janet Hanley, Karen Jewel on the 600 to 700 foot north face.

A sixth class climb was made by Janet Hanley and guide where one sling is thrown over a piton — a steel stake — pounded into a crack in the vertical, perfectly smooth rock by the guide, enabling her to climb over a horizontal over-hanging window, which is a window-shaped formation in the mountain side.

A hike around the complete lake, blazing their own trails up the bluffs was made by Janet Hanley, Karen Jewel, Sharon Foley, Alberta Simandl, Pat Hanley and their scout leader.

Mrs. Foley, although employed days, is a grandmother who has devoted several evenings a week and weekends to Girl Scouting for the past five years and says she would not give it up for the world.

In fact she says she and her family traded in their car for a station-wagon and bought a trailer so as to transport her scouts and their gear on their constant camp-outs in the Illinois and Wisconsin areas.

The Girl Scouts and Mrs. Foley expressed their thanks to a former Boy Scout and now assistant leader of the Chicago Mountaineering club and Boy Scout Councilor and guide, 18 year old Ernst Kuncel of La Grange.

There were many bruised arms and legs (knees are never used if possible) and aching muscles but it was an experience that never will

be forgotten, thanks to the time, patience and guidance of young Mr. Kuncel.

MOUNTAIN CLIMBERS. These three are not climbing a mountain in this picture but they did so some this past summer. Karen Jewel, Janet Hanley and Mrs. Frank Foley (left to right) were among those who made a "fourth class" climb at Devils Lake, Wis. This meant that they reached a point 500 to 600 feet above the lake on the west face of a mountain. The two girls also made a "third class" climb on the 600 to 700 foot north face. And Janet took part in a sixth class climb using a sling and piton over part of the north side. Karen attended the senior Girl Scout roundup at Colorado Springs, Colo.

Local Lady Invited

Mrs. Hazel Nelson of 1003 Osmond Ave. is among those who have been invited to participate in the 50th anniversary dinner dance of the Blue Island Catholic Daughters of America Oct. 3.

The event will be held at Chuck Cavallini's 3845 W. 147th St. Midlothian, at 8:30 p.m.

Blue Island court no. 113 is the oldest in the state, with 220 members on its rolls from southwest Chicago and suburban towns.

Honored guests will include Right Reverend Raymond P. Hillinger, auxiliary bishop of Chicago; Reverend Doherty, pastor of St. Benedict's parish, Blue Island, and area clergy.

Japanese IFYE Girl Is Visiting Homer White Family in Antioch

Miss Akiko Tanihisa, 24 year old youth from Japan is the second International Farm Youth Exchange to live on a farm in Lake County this year.

Miss Tanihisa is spending three weeks on the Homer White farm near Antioch during September.

Jean Godart, French farm youth, spent three weeks at the Clarence Naffziger farm near Zion earlier this year.

These two youth are representative of nearly a hundred exchanges from foreign countries who are living with farm families in the United States this year.

The object of the International Farm Youth Exchange program, commonly known as IFYE, and which was started in 1948, is one of international understanding.

The Homer White farm is the sixth farm on which Miss Tanihisa will live this summer. Prior to coming to Lake county, this Japanese youth visited one farm in Hawaii, three farms in Oregon and two in Illinois.

MISS TANIHISA comes from a one-half acre farm in Kagawa prefecture, Japan on which they raise wheat, rice, sheep, and poultry.

She has a bachelor of home economics from a college in Japan and plans on doing home economics demonstration work in her homeland.

Miss Tanihisa's visit to the United States is sponsored by the Japan 4-H Association.

During her visit at the White farm, Miss Tanihisa is observing home-making practices and become acquainted with the various organizations and institutions in Lake county.

She attends Sunday school, churches, schools, home bureau and 4-H club meetings.

AT THE TIME exchanges from foreign countries are learning about the culture of the United States, delegates scheduled from the 4-H membership in this country are living with host families in many foreign countries.

When the IFYE returns home he transmits his understanding to others through talks and mass meetings.

In 1958 a total of 118 United States delegates from 36 states went abroad to 44 countries while 147 exchanges from 44 countries came to the United States to live with rural families.

During the first 10 years of IFYE, 1010 delegates have gone from 48

states and territories have lived with 8000 host families in foreign countries.

During this period 1179 exchanges from 60 countries lived with 10,000 host families in the United States.

NANCY ALICE REEVES
Nancy Reeves Engaged To Petite Lake Man

Mr. and Mrs. Wesley Reeves Sr. of Lake Catherine this week announced the engagement of their daughter, Nancy Alice, to Raymond Traves of Petite Lake, son of Mr. and Mrs. Raymond Traves.

Plans have been made for an October wedding.

Several showers have been given recently in honor of the bride to be.

the Great Books speak to Today...

Political Lie

WHETHER men lie, or say true, it is with one and the same object. Men lie, because they think to gain by deceiving others; and speak the truth, because they expect to get something for their true speaking, and to be trusted afterwards in more important matters. Thus, though their conduct is so opposite, the end of both is alike. If there were no gain to be got, your true-speaking man would tell untruths as much as your liar, and your liar would tell the truth as much as your true-speaking man. — Herodotus, historian of ancient Rome.

Because men judge by results, let a prince have the credit of conquering and holding his state, the means will always be considered honest, and he will be praised by everybody; because the vulgar are always taken by what a thing seems to be and by what comes of it; and in the world there are only the vulgar, for the few find a place there only when the many have no ground to rest on. — Machiavelli (1469-1527), exponent of political cynicism.

The whole felicity of monarchies consists in the opinion which the subjects entertain of the lenity of the government. A weak minister is ever ready to remind us of our slavery. But granting, even that we are slaves, he should endeavor to conceal our misery from us. All he can say or write is that the prince is uneasy, that he is surprised, and that he will redress all grievances. There is a certain ease in commanding; the prince ought only to encourage, and let the laws menace. — Montesquieu (1689-1755), French satirist.

Check all your lights, keep windshield and faces of dashboard gauges clean, dim your headlights for incoming traffic and when you come up behind a car; should the oncoming driver fail to dim his lights guide yourself by the right edge of the road; when dusk comes, use headlights, not parking lights.

The good driver, remembers that his judgment should be better than the judgment of a child crossing the street. Give the youngsters the benefit of the doubt—take it easy.

The Chicago Motor club reminds drivers that traffic signs are there for a purpose. It's a sign of good judgment when you obey all traffic signs and signals.

Eastern Star Past Officers Night Thursday

Antioch Chapter, Order of Eastern Star, will hold past officers' night at 8 p.m. Thursday, in the Masonic temple.

Officers are as follows:

Worthy matron, Mrs. Dorothea Farm; worthy patron, Harold Wilson; associate matron, Mrs. Helen Luedtke; associate patron, Clarence Larson; secretary, Mrs. Selma Trigger.

Treasurer, Emil Kirschbaum; conductress, Rosalind Keating; associate conductress, Margaret Pincombe; chaplain, Mrs. Fern Watson; marshal, Mrs. Lillian Gaa.

Organist, Mrs. Deborah Van. Paten; Ada, Edith Elms; Ruth, Esther Wilton; Esther, Sophia Hennings; Martha, Martha Hunter; Electa, Margaret Gaston; warder, Theodore Kutz; sentinel, Robert Pincombe and color bearer, Harold Kleven.

Mrs. Barbara Wilson will be guest of honor.

A 50 year membership pin will be presented to Mrs. Lena Kuhaupt and 25 year pins will be received by Mr. and Mrs. John Gaa, Mrs. Wilma Gibbs and Mrs. Hazel Britton.

High School PTA To Meet Sept. 30

"Back to School Night" will be marked when the Antioch Township high school PTA meets at 8 p.m. Wednesday, Sept. 30, at the school. Those attending will meet first in the school auditorium where the school schedule of each child will be given to his or her parents.

At 8:30 the fathers and mothers will visit the classroom their children attend to meet the teachers and learn of the class routine.

Afterward the PTA will be host to the parents and others present for refreshments in the high school cafeteria. It was estimated that about 300 parents attended the "Back to School Night" last year.

The PTA also will give to the parents a mimeographed sheet telling of the association's program for the school year. A "recruiting" drive for new PTA members will open.

Buffet Luncheon Oct. 5 Will Open '59-'60 Club Year

Mrs. William E. Brook, president of the Antioch Woman's club, entertained 17 board members with coffee and rolls, Monday morning before calling a meeting of the board to order.

The opening meeting of the Antioch Woman's club 1959-1960 season will be a buffet luncheon at Smart's Country house at 12:30 p.m. Monday, Oct. 5.

Reservations, for members and guests, should be made with either Mrs. Ted Larson, Antioch 963, or Mrs. Fred May, Antioch 5, by Oct. 1.

A federation workshop will be held Thursday, Sept. 24 at the Immanuel Lutheran church, 1500 Elm-dale, Chicago. Seven members of the board expect to make the trip.

Something new for members will be name plates to be issued at the second meeting, which will be held at the Fire house. (The Scout House not being available on account of the fire.)

Mrs. Brook also read a letter from the Red Cross telling of a tea to be held at Barat college, in the Hilton Room, Lake Forest, Tuesday, Sept. 29, asking for volunteers for good Red Cross Neighbors, Gray Ladies, helpers, etc.

Girl Scout Troop 31 Resumes Its Sessions

Antioch Girl Scout Troop No. 31 is in session again, after a few weeks without meetings.

The first meeting was held at the home of Mrs. James Bruski. New patrols were formed and new troop officers elected.

Susan Lindblad was chosen troop treasurer, Margaretta Gillam, troop scribe, and Paula Weiss, troop reporter.

The second meeting was held from 7 to 9 p.m. Wednesday, Sept. 23, at the Antioch grade school.

Garden Club to Meet At Mrs. Gibbons Home

The Antioch Garden Club will meet at 1 p.m. Monday, Sept. 28, at the home of Mrs. Clarence Gibbons, on Addison Lane in Felter's Subd., north of Route 173.

Mrs. A. O. Wiegart will serve as co-hostess.

Members, PLEASE note change of meeting place.

Mrs. Clare Appleby of Lake Villa will give her program on "Flowers and the Busy Hostess".

Surprise Luncheon Honors Local Lady

A surprise potluck luncheon was held Tuesday, Sept. 22, at the home of Mrs. Mollie Sommerville, Main St., as a farewell to Mrs. Sommer-ville, who plans to winter in Arizona.

Mrs. Sommerville said, "It was a very wonderful surprise," when about 20 ladies, belonging to her Pinochle club and Bridge club, surprised her at her home with a gift as well as the prepared dishes to pass.

Among those present was Mrs. Shirley McLain, of Long Beach, Calif., who is visiting her mother, Mrs. C. E. Hennings, who has been ill recently.

The party Tuesday was the first outing for Mrs. Hennings since her illness.

Boy Scout Charter Presented at Meet

The first fall meeting of the Grass Lake school PTA was held Monday evening. The faculty, school board and officers were introduced to members.

In the business session, Richard Eckert presented the Boy Scout charter for the coming year. Mrs. Ida Kufalk and Miss Mildred La-Plant won the room count.

Mrs. Bette Meyer and Roy Truelson of the citizens advisory council and Robert Denman, president of the Antioch high school board of education, were introduced.

They held a discussion on the coming high school referendum. Refreshments were served by the 8th grade room mothers, with Mrs. Alfred Bloom in charge.

School Question Principal Topic At PTA Session

Antioch Grade School PTA held its opening meeting Monday night with about 150 persons present to hear a discussion of the high school referendum to be held on Oct. 10.

The presentation was made by Mrs. J. W. Kopriva of the citizen's advisory committee and William Brook of the high school board.

M. C. Cain of the school board was also present and helped to answer questions in the discussion period.

During the business session the organization accepted the plan of the ways and means committee for a smorgasbord dinner on Oct. 10.

Members of the committee are Mrs. Clarence Gibbons, Mrs. John Effinger and Mrs. Jesse Close. They are being assisted by the executive board in making plans.

It will be an "all you can eat" affair with special prices for children accompanied by their parents.

The PTA voted to list its meetings in the 1960 community birthday calendar being prepared by the Band Parents.

Faculty members were introduced by Superintendent Richard Whit-acre during the evening.

Eighth grade room mothers served refreshments with Mrs. Frank Feiler and Mrs. Clarence Larson in charge.

THIS WEEK'S

U of I MARKET-BUY

Fresh pork takes sharp price downturn as expected. Bacon market demoralized. Other smoked meats continue at low price levels. Beef steaks lower, roasts higher on heavier demand. Smaller sized eggs better value for short time. Produce market continues to be plagued by limited supplies, higher prices and spotty quality. Heavy government buying raises turkey prices in area stores.

Chicago-Area Food Values

Meats: Pork roasts—Chops—Bacon—Hams—Beef steaks—Chuck roasts.
Poultry: Stewing hens—Medium and Small eggs.
Produce: Cabbage—Michigan celery—Acorn squash—Potatoes—Apples—Grapes.

Based on Market Survey For Week of Sept. 21-26

For more market tips and food information write:
UNIVERSITY OF ILLINOIS

or Mumford Hall, Urbana, Ill.

Grant High Lists '59-'60 Cage Slate

FOX LAKE — The 1959-60 basketball season at Grant high school will open Nov. 20 at Fox Lake against McHenry, coach Ray Collier said this week.

Other home games for the Bulldogs will find Notre Dame of Niles playing Nov. 27, Wauconda Dec. 4, Grayslake Dec. 11, Antioch Dec. 18, Badger of Lake Geneva, Wis., Jan. 16, Els-Vernon Jan. 22, Lake Forest Jan. 30, Warren Feb. 12 and Round Lake Feb. 19.

Immaculate Conception of Elmhurst will provide the opposition in the first cage game for Grant out of town. This will be on Dec. 5.

Other contests away will see the Bulldogs at Lake Forest Dec. 12, Notre Dame of Niles holiday tournament Dec. 26-30, Warren Jan. 8, Maine (west) on Jan. 9, Round Lake Jan. 16, Grayslake Jan. 29, Wauconda Feb. 5, Antioch Feb. 11 and Els-Vernon Feb. 26.

Open dates have been set up for Nov. 21, Nov. 28 and Jan. 23, all three of them at Fox Lake.

Home games will begin at 7 p.m.

Let's Take A Look!

(continued from page 1)

plan favored by some of enlarging the present building would permanently commit this location for use by the high school only.

If it remains as it is, it could be adapted in the future for use either as another high school if a new building is eventually filled to capacity, or as a junior high school — perhaps even adding grade school rooms on the remaining property.

Parking space would not be needed for students in the latter age groups, which would facilitate future planning.

Certainly all available school property will be utilized to the fullest extent since the increasing enrollment rate shows only too clearly that we are years away from any permanent solution to house all of our students.

Before we leave the subject, let us explain that a high school building cannot be practically adapted for use by lower grade students.

Many facilities, such as counters, sinks, drinking fountains, toilets, lockers, cafeteria tables, etc. are all scaled to the taller child.

2. "How does the actual cost of enlarging the existing building compare with the cost of new construction on an undeveloped piece of property?"

Any architect will tell you that the square foot cost of additional space gained through remodeling would definitely exceed the square foot cost of new construction.

It is elementary that before you can add to an existing building alterations, which in themselves are costly, must first be made.

Anyone who has had experience in remodeling or enlarging a residential building knows that the final square foot cost must include hidden costs when structural changes are made.

In this case, certain basic facilities such as heating plant, library, cafeteria, gymnasiums, etc. must either be enlarged or duplicated.

Is it practical to rebuild these areas? And would construction of new space cost less on the present site than in a new location?

In our opinion, the answer to both these questions is NO.

Especially when you consider that after such a building program is completed, the final result would still be an old school with a new addition, instead of a new building free of inherited problems which already have resulted from use and depreciation.

The architects estimate that a sewage system complete for 900 students would cost \$15,000 to install. The same work for another 900 students later would cost another \$15,000.

To build the whole thing now, to take care of 1,800 students the cost would be less than \$30,000.

It was estimated the cost of digging a well, installing of a pump and putting the whole setup in operation would cost \$6,500 for a 900-student body and for 1,800 pupils the charge would be from \$9-11,000 total.

Action-Packed Car Races At Waukegan Track

WAUKEGAN — Track manager Michael Kaishian is scheduling another action packed show of modified stock car racing that will take place at the Waukegan Speedway, Sunday night, Sept. 27.

A really big show is planned as many new cars and stars will make their first appearance of the season. Among them will be Fuzzy Fassbender of Slinger, Wis. who was the 1957 Waukegan track champion.

Billy Schwister, Milwaukee, winner of a main event here this year, and Etchle Bletzer, Barton, Wis., winner of the season's finale last year, are also scheduled to appear along with the regular favorites, Miles Mellus, Slinger, Wis., Eddie Stillman, Milwaukee, Wis., Erik Johnson, Highland Park, Jack Frost and Russ Knuton, Milwaukee.

A special Australian pursuit race has been scheduled, one of the first of its kind at Waukegan. The event consists of the fastest qualifiers,

lining up, single file, and taking ten fast laps around the track.

The minute one person is passed by another he is out of the event and must retire from the race.

Time trials begin at 7:15, the first race at 8:30. The speedway is located on West Washington street between Green Bay road and the Skokie highway.

Even though this year's wheat crop of 1.1 billion bushels is about one-fourth below that of last year, it is still 50 to 75 million bushels above prospective use.

Fog of any kind reduces visibility more than we like. To help ease the situation, reduce your speed and use headlights — not parking lights — in fog.

EDDIE the EDUCATOR says

THE FIZZLE FAMILY

By H. T. ELMO

The Old Timer

"Maybe the dog is called man's best friend because the wag is in his tail instead of his tongue."

Twilight is a beautiful time of day, but it can be a tricky period for the motorist. When you're driving into the setting sun, your speed should be reduced to compensate for the reduced visibility the low sun creates.

A new commandment I give unto you, That ye love one another; as I have loved you, that ye also love one another. — (St. John 13:34)

To break this commandment is to suffer the cancerous disease of hatred, bitterness and resentment which can destroy us. To keep it is to know mental, physical and spiritual happiness, and the divine reward of inner peace and strength.

ANNOUNCEMENTS

CARD OF THANKS

I wish to express my appreciation of all the lovely flowers, cards and gifts received during my illness.

Belle Richards

THANK YOU

During a time like this we realize how much our friends really mean to us. Your expression of sympathy will always be remembered.

Mrs. Elizabeth Kremer

IN MEMORIAM

In memory of my son, Frank, killed in a car and train accident in Antioch, Sept. 23, 1959. More and more each day I miss him. Friends may think the wound is healed, But they little know the sorrow lies Within my heart concealed.

Mother, Olga Pitner

IN MEMORIAM

In loving memory of our Dear Husband, Father and Grandfather, "Alfred J. Pedersen", who passed away Sept. 23, 1959.

Loving Wife and Family

Fox Lake Hills
Names Officers
At Annual MeetBy Jim Jankowiak
FOX LAKE HILLS Correspondent

FOX LAKE HILLS NEWS — Last Sunday, the Fox Lake Hills Property Owners' Association held its annual membership meeting. Out of approximately 600 members, 125 were present.

The session was called to order by President Bob Wagner who then introduced the officers. Following this was a brief resume of the constructive work of the Association during the past year.

There were several amendments to the constitution to be voted on. All were explained and all passed with no dissensions.

Bob Wagner had previously made it known that he was not a candidate for re-election, so he was not nominated.

Those nominated for officers were Charles Lindholm, Harold Riley, Harry Lindhorst and Bob Camp-house. Camp-house and Lindhorst declined the nominations.

The vote was as follows: Riley, 75 votes; Lindholm, 45.

Nominated for vice president were Buzz Carpenter, Ken Waugh, Chuck Lindholm, Julie Chonis, Bob Wagner, Lee Miller and Don Hendrich.

Carpenter was elected by a margin of 30 votes. Buzz is presently the only officer besides Mickey Stevens, the unit director, to come from unit 1.

Julie Chonis indicated her availability as secretary after declining the Vice-presidency. It was her third time running. She had served the two previous terms.

The only other candidate for the post was Shirley Waugh, who was defeated by the vote of 87 to 23. Those nominated for treasurer

Rainbow To Meet
Monday At 7:30

Antioch Assembly of Rainbow Girls will meet at 7:30 p.m. Monday, Sept. 28, in the Masonic temple when two girls will be initiated into the chapter and there will be balloting on new candidates.

Scheduled to be initiated are Jill Kennedy and Juanita Gillum. President Nancy Scott has appointed the following committees for her term of office:

Joan Wagner, publicity; Clara Lassen, sickness; Dee Stilson, finances; with Mrs. Gus Mantis, assisting.

Girls attending are to bring an article for a charity box which is Miss Scott's project.

Rainbow Girls will practice at the hall at 2:30 p.m. Sunday. Miss Lassen and her committee will serve refreshments.

were Duane Andrews, Shirley Waugh, Mrs. John Denk and Louise Jankowiak. There was no majority so the two highest, Mrs. Denk and Andrews had a runoff, with Andrews winning.

In other balloting Bob Wagner was elected unit director at large and Henry Kopp was balloted in as unit director of unit 2.

The Colemans are in the news again, or rather the Coleman's dog is in the news again. Golden Nugget of Fox Lake Hills has once again copped a blue ribbon.

The Golden Labrador retriever's latest victory was at the Gary Steel show Sunday where it won a blue ribbon.

NOTICE OF SPECIAL ELECTION
Township High School District
Number 117, Lake County, Illinois

NOTICE is hereby given that on Saturday, the tenth day of October, 1959, a special election will be held in and for Township High School District Number 117, Lake County, Illinois, for the purpose of voting upon the following proposition:

Shall the Board of Education of Township High School District Number 117, Lake County, Illinois, build a new school building on the property heretofore determined by the Board of Education of said District to be acquired as an additional school site for the District, such property, consisting of a rectangular tract of land containing approximately fifty acres, measuring 1,320 feet east and west and 1,650 feet north and south and being located on the Southeast corner of the intersection of Loon Lake Road and Deep Lake Road, and issue bonds of said District to

the amount of \$1,895,000.00 for the purpose of acquiring the said property above referred to as an additional school site for said School District and building said new school building thereon, said bonds to become due \$100,000.00 on February 1, 1963, \$125,000.00 on February 1, 1964, \$135,000.00 on February 1, 1965, \$135,000.00 on February 1, 1966, \$140,000.00 on February 1, 1967, \$150,000.00 on February 1, 1968, \$150,000.00 on February 1, 1969, \$175,000.00 on February 1, 1970, \$175,000.00 on February 1, 1971, \$225,000.00 on February 1, 1972, \$225,000.00 on February 1, 1973, \$160,000.00 on February 1, 1974, and that such bonds bear interest at the rate of not to exceed four and three quarters per cent (4 3/4%) per annum, payable on February 1, 1962 and semiannually thereafter?

That for the purpose of said election said School District has been divided into three election precincts, the boundaries of each election precinct and the polling place designated within each election precinct being as follows:

Election Precinct Number 1
Shall consist of all that part of Township High School District Number 117, Lake County, Illinois, situated within the political townships of Lake County, commonly known as Antioch Township and Newport Township.

POLLING PLACE: Antioch Township High School Building, located in the Village of Antioch, Illinois.

Election Precinct Number 2
Shall consist of all that part of Township High School District Number 117, Lake County, Illinois, situated within the political township of Lake County, Illinois, commonly known as Lake Villa Township, except that part of said Lake Villa Township which is situated within Sections 25, 35 and 36, Township 46 North, Range 10, East of the Third Principal Meridian and also except that part of said Lake Villa Township which is situated within Sections 1 and 2 of Township 45 North, Range 10, East of the Third Principal Meridian, Lake County, Illinois.

POLLING PLACE: Lake Villa Grade School in the Village of Lake Villa, Lake County, Illinois.
Election Precinct Number 3
Shall consist of all that part of Township High School District Number 117, Lake County, Illinois, situated within Sections 25, 35 and 36, Township 46 North, Range 10, East of the Third Principal Meridian and all that part of said District situated within Sections 1 and 2 of Township 45 North, Range 10, East of the Third Principal Meridian, Lake County, Illinois.

POLLING PLACE: B. J. Hooper School in the Village of Lindenhurst, Lake County, Illinois.

Voters must vote at the polling place designated for the election precinct within which they reside. The polls at said election will be opened at twelve o'clock Noon and will be closed at eight o'clock P.M., Central Daylight Savings Time, on said day.

By order of the Board of Education of Township High School District Number 117, Lake County, Illinois.

DATED this 16th day of September, 1959.

Robert C. Denman
President of the Board of Education of Township High School District Number 117, Lake County, Illinois
Ruth H. Seyfarth
Secretary of the Board of Education of Township High School District Number 117, Lake County, Illinois.

Looking Into The Old Files

ONE YEAR AGO

(Sept. 25, 1958)

Antioch high gridders lose to Wauconda 12-6 through help of many penalties and lack of experience.

An estimated 100 persons attend annual Lake county convention of Royal Neighbors held at the American Legion hall here.

Caravan of Republican candidates for state, national and county offices to appear here Wednesday.

Little league banquet honors Sox champions for 1958, held at the North shore resort on Lake Catherine.

Antioch high school student council will be featured in national publication, "Scholarship Magazine."

First day of voter registration in both Lake Villa and in Antioch proves light, although citizens may register until Oct. 6.

Reginald Foorte to be presented in organ recital Oct. 3 at Antioch high school auditorium by Antioch Township High School Music Association.

FIVE YEARS AGO

(Sept. 23, 1954)

Antioch village pumping station pumps 1,164,000 gallons in week from new well, with 198,000 gallons being the most for any one day.

Sequoia edge Wilmet 7-0 in football opener when right end Harry Lindgren grabs ball batted into air by guard Allen Masopust, and runs about 25 yards for score.

Central high school at Salem reports 369 enrollment with six new teachers added.

Felter's subdivision elects O. P. McGovern, president; Herman Hahl, vice president; E. J. Zettek, treasurer, and K. E. Schimmel, secretary.

Lake Villa Teen Town to open Sept. 25 with new table tennis equipment, badminton, shuffleboard sets, table games and dance records.

Progress on Little League baseball field reported as homerun fence is erected, field is seeded and scoreboard erected.

Halloween window art contest to be sponsored by Women of Moose.

Arthur Laursen is appointed to Antioch grade school board to replace Mrs. Charles Watson, who has moved from school district.

10 YEARS AGO

(Sept. 29, 1949)

Antioch Eastern Star chapter to mark 50th anniversary with banquet Oct. 8 at high school featuring entertainment by radio stars.

Barrington high defeats Antioch gridders 19-0.

Antioch FFA chapter will protect wildlife on grounds east of Soo line tracks by posting signs warning it is a feeding ground.

Robert L. Eppers is with the fifth armored division in basic training for 14 weeks.

Mrs. John Heick is host to meeting of Women's Home bureau meeting.

20 YEARS AGO

(Sept. 28, 1939)

Nine-month old local American Legion drum and bugle corps "shines" at national convention parade in Chicago.

Mrs. Elmer Hunter of Antioch to head first Lake county PTA council meeting at Fox Lake.

Lake Antioch is set aside as migratory water fowl refuge through efforts of Antioch Rod and Gun club and the high school Conservation club.

Charles Larson takes charge of Sinclair service station on Main St. Free knitting and crocheting class to be held at grade school sponsored by Antioch recreation board.

Bake Sale Scheduled

A bake sale will be held at the Lyons-Ryan Ford showroom Saturday, Sept. 26, beginning at 8:30 a.m.

The sale, sponsored by the Grass Lake School PTA, with Mrs. Alice Johnson as chairman, will offer a complete line of homemade bakery goods, with coffee cakes and rolls in plentiful supply.

Antioch Edges Wilmot High By 20-13

Locals Play Lake Forest On Saturday

The Antioch High Sequoits travel to Lake Forest this week Saturday for a conference game scheduled at 2:30 p.m.

Antioch Township high school's football team won a ball game last Saturday evening on the local turf but it was not as easy a victory as some may have expected.

Wilmot threw a big scare into the Sequoit rooters by tying up the score and almost going ahead before losing 20-13.

Don Pyles bolted through left tackle and raced 80 yards to paydirt in the fourth quarter to give Antioch the winning touchdown as the Sequoits opened their 1959 gridiron season.

Just a few moments before this run, quarterback Dick Wolff of Antioch intercepted a Wilmot forward pass in the Sequoit end zone as he outjumped two or three Panther wouldbe receivers.

The ball was brought out to the Antioch 20 on a touchback and Pyles' long run followed this.

The non-conference game for both teams saw the Sequoits pull off two long forward passes in the first half for as many touchdowns.

ANTIOCH JUMPED off to a 13-0 lead in the game with Dick Gudgeon scoring both touchdowns on passing plays. The first came in the opening quarter on a 29-yard spiral from Pyles and the other in the second stanza.

The latter covered about 60 yards with Wolff on the throwing end.

Tom Burda, who was a standout in the end position all evening, converted on the second touchdown on a forward pass from Pyles. A placekick for the first extra point was wide of the uprights.

Wilmot running an inside belly series of plays gave the Sequoits plenty of trouble, scoring two touchdowns on long runs.

Just before the halftime buzzer, the Wilmot Panthers took over the pigskin on their own 21 and marched 79 yards to paydirt with a pass

BVI Bowling Loop Elects Captains

GRAYSLAKE — Captains and co-captains for the BVI Bowling league have been elected by employees of Burgess Vibrocrafters, Inc., Grayslake.

The teams, named after various BVI products, and their captains and co-captains are as follows:

Can Openers — Betty Folsum, Round Lake; Helen Davis, Grayslake. Band Saws — Ed Krumrey, Grayslake; Harriet Bernsten, Wildwood. Paint Sprayers — Anne Stock, Grayslake; Bea Sturtz, Round Lake Park.

Jig Saws — Helen Roemeling, Mundelein; Jeanne Wahl, Grayslake. Belt Sanders — Vi Holmberg, Grayslake; Peggy Williams, Round Lake; Knife Sharpeners — Al Humbert, Round Lake; Norb Mlott, Lake Zurich.

Humidifiers — Ruth Fischer, Wildwood; Loana Poehler, Round Lake. Vibro-Gravers — Jim Ribbs, Round Lake; Tom Skol, Mundelein.

Officers of the BVI league this year are Ed Obero of Libertyville, president; Dick Brand of Grayslake, secretary; Betty Beach of Fox Lake Hills, treasurer; and Carl Johnson, Grayslake, sergeant-at-arms.

The BVI league bowls on Thursday evenings at Grayslake Bowl.

LaMeer Construction beat Horton Feed 2 games.

PASS INTERCEPTED by quarter back Dick Wolf of the Antioch high school Sequoits shown here prevented a possible touchdown by Wilmot high in their game played Saturday evening at the Antioch field. The goal line is shown just under Wolff's feet. Antioch players are in white uniforms and Wilmot in dark. This came in the fourth quarter just before Don Pyles of the Antioch team raced 80 yards to the Sequoit third and winning touchdown to win 20-13 in a non-conference game.

News of Lakes Sports

from Greg Bush to Gary Held covering the final 27 yards.

Held ran for the extra point and Wilmot trailed 13-7 at the half.

IN THE third quarter the visitors recovered an Antioch fumble on the Sequoit 29 and on the next play Jim Ratcek, senior right halfback crossed the Sequoit goal line.

However, the play was called back because of a holding penalty.

That did not stop the halfback, however, for he then sprinted 44 yards for a touchdown that counted, the extra point failed and the score was tied at 13-13.

Wilmot took the game honors statistically, running up 11 first downs to seven for the Sequoits and gained 214 yards rushing to 98 for Antioch.

Coach Frank Bucci's Panthers showed a strong defense at times, holding the Antioch team to 18 yards rushing except for the 80-yard dash for the fourth period touchdown by Pyles.

ANTIOCH LED in the forward passing department, gaining 163 yards to 53 for Wilmot. The Sequoits attempted 11, completed 4 and three were intercepted.

The visitors tried nine passes, completed four and had none intercepted.

Wilmot was penalized a total of 45 yards to 30, for the Sequoits.

The home team lost the ball two times due to fumbles while Wilmot failed to fumble at all.

Outstanding for Antioch were Wolff, Pyles, John Parker, Burda, Bob Martin and Gudgeon. Ratcek pouncing out 159 yards in 21 carries and Gary Held with 50 yards in 13 tries led Wilmot gaining.

FRED FABRY

Fred Fabry Joins College Grid Squad

MOUNT VERNON, Iowa — Fred Fabry, 215-pound tackle from Lake Villa, Ill., has joined the Rams football squad at Cornell college, Mount Vernon, Iowa, for their 1959 season.

This opened September 19 against Carleton college on the Carls home field at Northfield, Minn.

This Saturday, Sept. 26, the Rams play at home against St. Olaf college of Northfield, Minn., hoping to make up last year's 13-8 defeat by St. Olaf.

Fabry, a sophomore student, is son of Mr. and Mrs. Gustav Fabry of Fairfield road, Lake Villa.

Grant Plays Wauconda 11 On Saturday

FOX LAKE — Grant high school gridders of Fox Lake will travel to Wauconda for a conference clash at 12:30 that afternoon and try to put the Bulldogs on the 1959 victory trail.

Libertyville won its fourth straight victory over Grant 20-0 in the season opener last Saturday evening at Fox Lake. It was the fifth time in a row the Wildcats had held the Bulldogs scoreless.

Bill Joerger scored the first touchdown for the visitors with a 30-yard ramble midway in the opening stanza. Libertyville went 64 yards in five plays for this TD. Warren Nicholas made the extra point.

The second Libertyville td came in the second quarter when Nicholas intercepted a Grant high pass and returned it 30 yards for the score. Warren also converted this from placement.

Final tally for the 'Cats was registered by Ed Sublett, defensive end, who pounced on a Bulldog fumble in the end zone in the last period.

Tomy Langworthy also tallied for the visitors in the last quarter, this time on a 55-yard jaunt. But the play was called back on a penalty.

Grant actually controlled the ball in the contest, running off 42 plays compared to 29 for Libertyville, but threatened seriously only two times.

The 'Dogs were stopped on the Libertyville 7-yard line in the second stanza after recovering a fumble on the 12 and again were held up on the 'Cat 12 in the last quarter.

Bob Bishop set up the latter chance for a Grant high score who rambed for 55 yards before being pulled down on the Libertyville 15.

Wall Eyed Pike Caught in Lake Marie Near Here

Two Chicago people must figure just about anything can happen in the sport fishing "business" around Antioch.

Here Mrs. Jacob Kolb did a pretty good deed in itself by pulling in a fish the other day in Lake Marie that weighed in the neighborhood of 5 pounds and was around 18 inches long.

She and her husband figured they had a fair sized bass and were about content with that. He is a captain in the Chicago fire department.

But a couple of Antioch men expert in the "fish line" told them, Mrs. Kolb had done even better.

She had caught a wall eyed pike, a member of the perch family.

Identifying the fish were Maurice Loven and Dr. O. L. Mitchell.

The Kolbs have a summer home at Beach Grove.

Central High Scores First But... Falcons Play at Home on Friday

SALEM, Wis. — Salem's Central high school football team took over the scoring lead in the first half of play but could not maintain that advantage as it lost to Elkhorn 26-7 in a non-conference game Friday night.

The Salem Falcons are scheduled to meet Harvard, Ill., at the Central high field near Paddock Lake at 8 p.m. this week Friday. It will be another non-league affair.

Lone touchdown for the Falcons came in the second quarter after Elkhorn had punted to the Salem 34. A pass from Fred Lentz to Len Krawczyk good for 10 yards scored the touchdown.

Jeff Grimbick carried the ball for the extra point and Salem led 7-0. This also was the score at half time.

Elkhorn had threatened seriously in the first quarter but a fumble recovered by Salem in the Falcon end zone for a touchback stopped this.

SALEM KICKED to the Elkhorn 24 and on the first play Don Riese ran off tackle for 76 yards and an Elkhorn touchdown in the opening moments of the third period. A try for the extra point failed.

After an exchange of kicks, Elkhorn took over on its own 20. Riese ran to the Salem 19, Van Scotten went to the 10, Miles to the 7 and then Miles on an off tackle slant crossed the final white line.

Riese's try for the extra point was no good and Elkhorn led 12-7 at the third quarter pause.

Elkhorn recovered a Salem fumble on the Falcon 35 late in the third quarter to help set up the third Elkhorn touchdown.

Van Scotten went to the Salem 6 and after a 5-yard penalty set Elkhorn back to the 11, Van Scotten ran to the Falcon 4 as the third period ended.

MILES IN two plays went to the Salem 1 and Eisentraut sneaked from the quarterback position in for the touchdown. Riese ran the extra point.

Salem started what might have been a touchdown march after the third Elkhorn score when after taking the kickoff on the Falcon 39, Lentz passed to Kraw on the Elkhorn 15.

A penalty set the Salem 11 back to the 18 and on the next play Paddock intercepted a Falcon pass on the Elkhorn 5.

Riese covered 22 yards in one play, Liebhart passed to Miles for 39 more, Van Scotten went to the Salem 21, Liebhart to the 12 and the latter then passed to Amedna for the td.

Riese ran the extra point and Elkhorn led 26-7, which also was the game's final tally.

Statistically speaking, Elkhorn also had somewhat the better of the argument.

ELKHORN GAINED a total of 284 yards compared to 186 for Salem, made 10 first downs to 9 for Salem, gained 229 yards in rushing to 136 for the Falcons and made 55 yards passing to 50 for Salem.

Nine of the Elkhorn first downs

Panthers Play Friday

WILMOT, Wis. — The Wilmot high Panthers will open their 1959 Southern Lake conference football season at 7:30 p.m. Friday by meeting Burlington on the Burlington field.

Last Saturday Wilmot dropped a close non-league decision to the Antioch Sequoits, 20-13, at Antioch.

came on rushing plays and one on a pass. Salem gained seven first downs rushing and two on passes.

The winners attempted five passes completed four and had three intercepted.

The Falcons tried nine forwards, completed five and had none of theirs intercepted.

Elkhorn was penalized four times for a total of 30 yards, while Salem had three penalties called against it totaling 15 yards.

Top ground gainers for the Falcons were Jeff Grumbick who in 22 carries made 85 yards, Jim Urba in eight carries gained 28 yards, Gene Schulz, seven carries for 15 yards; Andy Aguero, five carries and six yards; and Fred Lentz, one carry for two yards.

Ski, Toboggan Spot Nearing Reality Here

The Antioch area apparently will be the location of a public ski and toboggan spot this coming winter.

Mr. and Mrs. Walter C. Winn of Richmond applied to the Lake county zoning board of appeals for a special permit to operate a business rather than a rezoning of the area.

There was no opposition to the request at a public hearing held in the Antioch village hall last Friday evening.

Atty. Edward C. Jacobs told the board that the sale of ski supplies and operation of a snack bar would be part of the service offered at the ski and toboggan area.

The Winns would lease a 1,600 by 1,000 foot site to Daniel K. Strassheim, of Wilmette, a ski enthusiast, who would equip its hill with a snow-making machine and a ski lift of the chain-pole type.

On this kind of ski lift, skiers would occupy a seat, and with their skis on the ground, would be pulled up the hill.

Roland Winn, a son of Mr. and Mrs. Walter C. Winn, told the board the hill is 220 feet high and would permit descent on three sides, a distance of 1,000 feet in the general direction of Fox River.

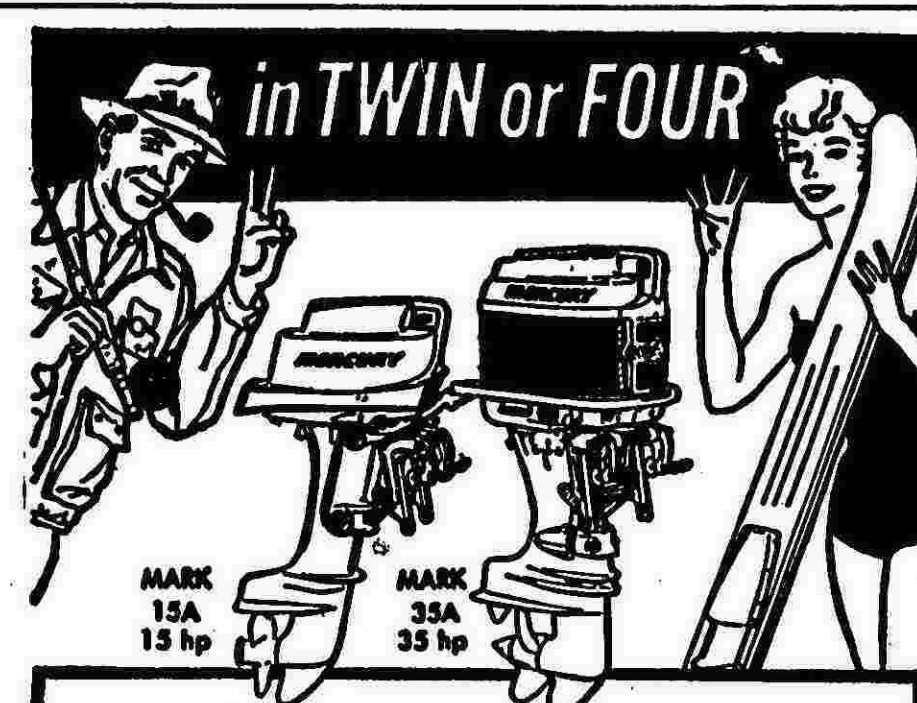

Entrance by the public would be from the Wilmot-Johnsonburg road which cuts across a section of Antioch Township.

A 30 by 40 foot warmup building and office would be constructed and an instructor would be on hand at all times, Strassheim told the appeals board.

He estimated equipment to cost \$75,000 could be obtained for use in December. The ski area could be used between Dec. 1 and March 1.

Vote Scheduled on Oct. 3 On Addition to Wilmot Hi

WILMOT, Wis.—Wilmot school district voters will consider a referendum on a \$300,000 bond issue for construction of an addition to the Union Free high school of this community on Oct. 3.

Twin Lakes, Silver Lake village, all of Randall Township and parts of Wheatland and Salem Township citizens will cast ballots on acceptance or rejection of a board of education resolution.

Voting will take place from 7 a.m. to 8 p.m. at the school building at Wilmot.

A resolution passed by the board of education cites the need for a sum aggregating \$300,000 for construction to the present school building.

THE BOARD found the addition necessary to the continued operation of the school. The resolution authorized issuance of negotiable corporate bonds of general liability.

Also authorized by the resolution is an annual irrepealable school district tax to meet the interest and principal on the proposed bond issue.

Earlier this year electors attending the annual school district meeting failed to take favorable action on the proposed enlargement of the school building.

As of now 318 students are enrolled in the high school, up about 5 per cent over last term.

SURVEYS HAVE indicated that a sharp increase in the high school student body will come next year when estimates project an enrollment of 400 students.

A continuing increase in the number of high school pupils to a peak of 495 students in 1964 is indicated by a survey of the elementary school registrations.

The proposed bond issue on which

Home Demonstration Council Meet Set

BRISTOL, Wis.—Fall meeting of the home demonstration council will be held Tuesday, Sept. 29, at the conservation clubhouse at Bristol, the council's executive committee announced.

Plans for the session were made recently at an executive committee meeting held at the home of Mrs. John McKenney, Paddock Lake.

Leader training meetings have been scheduled as follows:

October—"Care of Smooth Floor Coverings."

November—"Civilian Defense."

January—"Vegetables in Our Meals."

February—"Why You Are You."

March—"Shopping for Today's Ready-to-Wear."

Tailoring and weaving will be discussed at special interest meetings.

the voters will ballot Oct. 3 would finance a first stage enlargement program to bring the present building up to an enrollment capacity of 450 students.

Two academic classrooms, two science classrooms, increased library capacity from 24 to 125 students, provisions of adequate home economics rooms, a multi-purpose room and enlargement of lunch room would be done under this program.

Central High Notes

Central high school opened Tuesday, September 1, when teachers convened for the day.

A faculty of 26 teachers greeted 152 freshmen on Wednesday, Sept. 2. The following day all classes, a total enrollment of 872, answered roll call.

Broken down into classes, Salem central has an enrollment of Freshmen, 152; sophomores, 174; juniors, 124; seniors, 121 and 1 post-graduate.

A great deal of activity went on Tuesday, Sept. 8, when class officers were elected. The results were as follows:

Leading the Seniors—President, Edna Mae Kasten; Vice President, Fred Lentz; Secretary, Charlene Harris and Treasurer, Joanne Nrn-cirk.

Junior "INS"—President, Tom Straulin; Vice President, Arlene Doyle; Secretary, Phoebe Walby; Treasurer, Virgil Gentz.

Sophomore "Leaders"—President, Glen Schulz; Vice President, Danny Yates; Secretary, Pat Anderson; Treasurer, Gary Gitzlaff.

Freshmen will elect their officers at a later date.

Plans are already underway for the Homecoming celebration on Friday, Oct. 9.

This affair will be managed by the student council, which has promised an evening "loaded with fun."

The Falcons of Salem will play host to the Broncos of Waterford. A dance to which all alumni and friends are invited is scheduled for the same evening.

Annual staff members are already busy soliciting for annuals. Deposits will be made each week, until full payment is made.

Hot lunch program is popular this year—a large number of students making use of the weekly meal ticket.

D. Doone was on the sick list for several days last week.

School For Farmers Planned at Central

SALEM, Wis.—The organizational meeting of the annual farmers evening school in agriculture will be held at 8 p.m. Thursday, Sept. 24, in the agriculture room at Central high school.

Tentative plans for the year's work will include farm shop work and a series of agriculture problem lessons to be held during the winter months in the class room.

Additional plans for work to be included will be discussed at this first meeting.

Farmers in the Central high school district are invited to participate in this program. There are no charges. Vernon O. Horne, instructor in agriculture, is in charge.

Central High Hosts Meeting of Farmers

SALEM, Wis.—Central high school at Paddock Lake was the scene Monday of a reunion of Kenosha county men who attended the University of Wisconsin farm short course this year.

J. F. Wilkinson of Madison, farm short course director, attended the session and also visited the agricultural classes at Wilmot and Central high schools.

Planning committee for the event included Roy Kreuscher, Paris; Le Roy Dyson, Wheatland; Charles Ling, Bristol; Kenneth Wickland, Brighton; Vernon Horne, Central high agricultural instructor, and Paul G. Jaeger, Kenosha county agent.

Butterfat Production Of 19 Grayslake Cows

BRATTLEBORO, Vt.—The Holstein-Friesian Association of America has announced a new lactation average for the following registered Holstein herd in this area:

L. A. & E. H. Salesman of Grayslake have 19 records averaging 15,129 lbs. of milk and 583 lbs. of butterfat.

Lactation averages are calculated on the commonly-employed two-milkings a day, 305 day, mature equivalent basis.

This provides a uniform basis for comparison and selection in registered Holstein breeding programs.

Peanut Sale to Help Handicapped Children

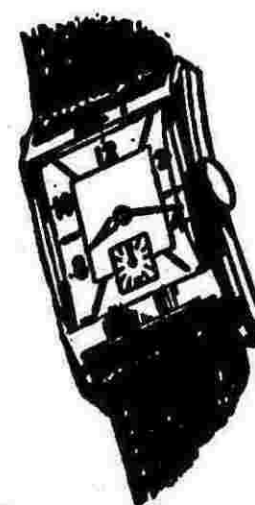

Lake county will be included in the Kiwanis Kids' Day peanut sale to be held Friday, Sept. 25, when more than 8,000 business executives and professional men in Lake and other counties leave their desks, laboratories and business duties to help a host of children.

For the ninth year busy Kiwanians will don overseas hats, sales baskets and smiles to peddle peanuts on the streets of Chicago and 48 suburban towns.

More than 100,000 boys and girls will benefit from more than a million bags of peanuts expected to be sold.

Funds realized from the sale will be used to provide year-round Kiwanis club service work with handicapped and underprivileged youngsters.

Lyons Attends Ford Meeting in Dearborn

Walker Lyons of Lyons-Ryan Ford, an Antioch Ford dealership, was at the Ford Motor Company headquarters in Dearborn last week to view the 1960 cars and trucks.

He met with the engineers who designed them and discussed with Henry Ford II and other members of top Ford management the promise that the forthcoming decade holds for the national economy and the automobile industry.

The Dearborn preview marked the first time in 25 years that all 7,000 Ford dealers had been invited to the company's headquarters.

The dealers saw the new Fords unveiled in a Broadway-type show featuring Ray Bolger, Jane Powell and Blackstone the magician.

They also were entertained by Tennessee Ernie Ford and Rosemary Clooney.

Why we built two cars for 1960 . . . as different as night and day

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. ■ One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. ■ The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. ■ We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There's new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years.

Thus, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars. One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit under the hood, a new

feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power linked with new thrift, plus Chevrolet's superb 6-cylinder engine. It is a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any other car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-passenger compact car, with a really remarkable performance . . . a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long . . . and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies it great struc-

tural strength . . . it's a welded unit that is virtually rattle-free.

The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: no other U.S. compact car will ride so comfortably, hold the road so firmly and handle so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's . . . take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

See all the new Chevrolets October 2 at your local authorized Chevrolet dealer's

Lake Villa Pair Are Married At Church's Rites

LAKE VILLA — Prince of Peace church in Lake Villa was the scene of the double ring wedding ceremony that united Irene Perry of Lake Villa and Lee Mitchell of that community on Sept. 12.

The bride is a daughter of Mr. and Mrs. John Perry and he is a son of Mrs. Frank Mitchell, all of Lake Villa.

Rev. David J. Lynch officiated at the 4 p.m. ceremony.

The bride, given in marriage by her father, wore a gown of chantilly lace over bridal satin with scalloped neckline and a train of illusion lace applied. Her pearl trimmed finger tip veil was on imported veiling.

White carnations and lilies of the valley with an orchid in the center comprised her bridal bouquet.

Mrs. George Nelson as matron of honor wore a florentine lace sheath gown with belted tulle overskirt. Her flowers were white carnations and pink roses in the centers.

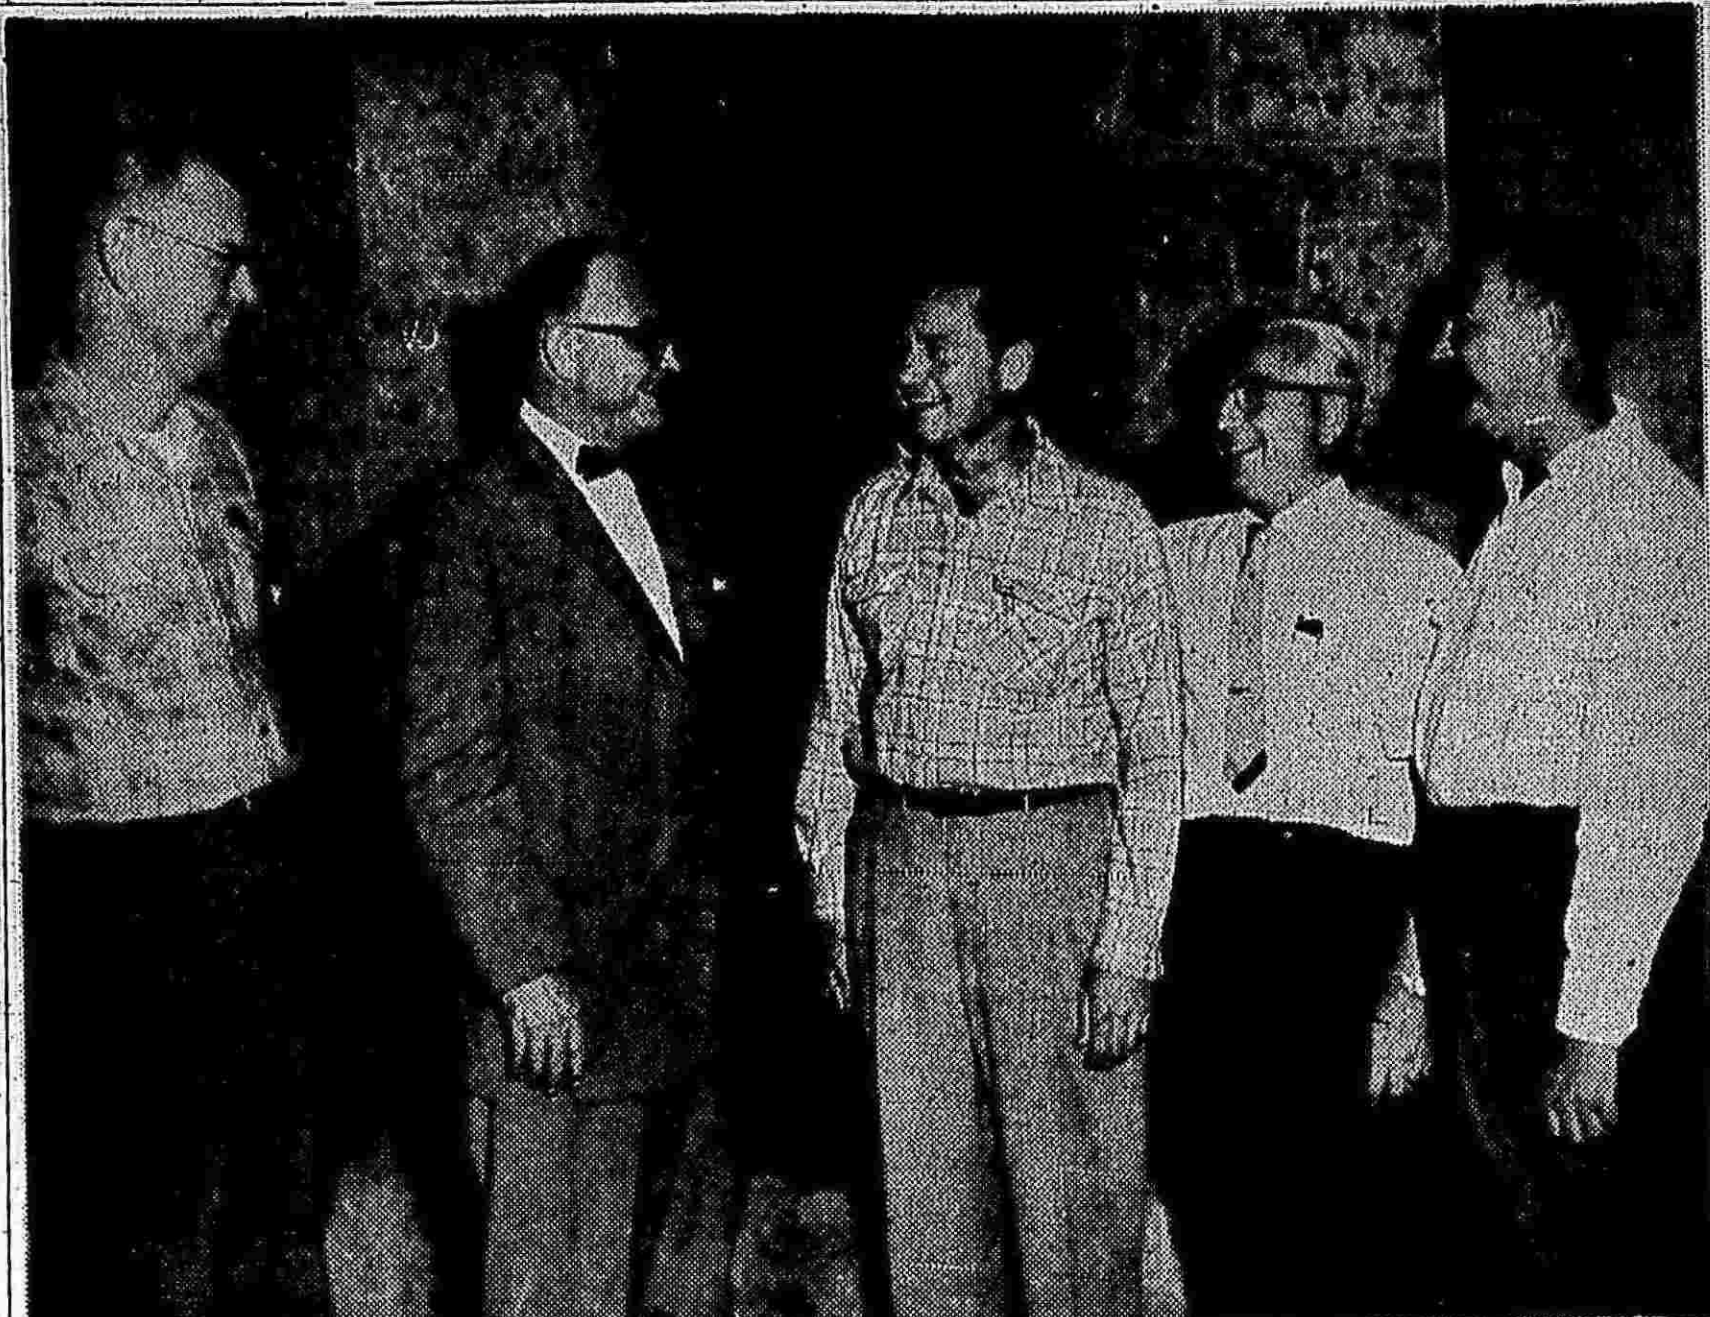

The bridesmaid, Mrs. Donald Curtis, was dressed similarly to the matron of honor.

Frank R. Mitchell was best man and the usher was Lee Thulin.

Flower girl was Susan Nelson and Frank P. Mitchell, Jr. was the ring bearer.

Following the reception held at the El Rancho Pasadena Gardens, the couple left on a wedding trip to New York City, Maine, Montreal, Toronto, Niagara Falls and Detroit.

Mr. and Mrs. Mitchell will be at home after Sept. 28 at route 2, box 773, Lake Villa.

MOOSE HOLDS CAMP OUT. The Loyal Order of Moose sponsored a camp out for school administrators at Mooseheart Camp near Mt. Morris recently. Among the school officials present were, from left: Warren Polley, assistant principal of Antioch high school; George T. Wilkins, Superintendent of Public Instruction, State of Illinois; Albert Dittman, principal of Antioch high school; Al Willis, executive secretary of the Illinois High School association; and Walter H. Ketz, Superintendent and host of the event.

TRAFFIC DUTY. These two boys were giving assistance to police chief Walter Scott and to crews of the Peter Baker & Son Co., firm paving Main st. late last week. Here a car approaches Main st. on Lake st. and is being waved along by one of the two boys. In the background men from the construction company are preparing a man hole for a second layer of blacktop paving. The latter was being applied to Main St. early this week. The boys "volunteered" their services and spent at least an hour on the job.

Spring Grove Lady to Take Part In Catholic Meeting in Chicago

Mrs. Warren A. Chard, president of the Archdiocesan Council of Catholic Women, has announced plans for the sixth biennial conference, Oct. 2-3, at the Conrad Hilton Hotel in Chicago.

Other area women who will participate in the conference include: Mrs. Timothy Amore, Spring Grove; Mrs. Sophia Tiss, Waukegan; and Mrs. A. D. Carnahan, Forrestal village, North Chicago.

Most Reverend Raymond P. Hillinger, auxiliary bishop of the Archdiocese, will give the keynote address on the conference theme "Think, Speak, Live Christ" at 10:30 a.m., Oct. 2 in the Williford room of the hotel.

During the two-day program, 40 sessions will be conducted covering the work of nine council-sponsored committees.

Two special lecture series, under the general titles "The Informed Catholic Woman" and "The Virtues - Divine Tools of the Spiritual Life" will be included.

Mrs. Chard, general chairman of the conference, will address a session for organization leaders on Friday. Title of her talk will be "Madame President".

Mrs. Chard, who was elected to

office in January of this year, long has been associated with the Council.

She has served as a parish president, district and archdiocesan chairman of the spiritual development committee and served as a member of the publicity committee for the convention of the National Council of Catholic Women in 1958.

The Chards, who have five children, live at 82 S. Lake St. in Grayslake.

Rev. Maurice Foley, pastor of St. Gilbert parish, Grayslake, will preside at one of the conference sessions. Father Foley is priest advisor for council's north Lake county district.

ACCW, a federation of parish and inter-parochial organizations, promotes and coordinates the charitable, welfare, religious and educational work of its 450 member organizations.

Vandals Damage Cemetery Stones

By Anna Lyons
Solon Mills Correspondent

SOLON MILLS—Reports were
heard here this week of vandalism
at the Washington cemetery off
route 173 in McHenry county.
Gravestones were said to be tipped
over.

Mrs. John Miller spent a few days
last week visiting her mother at
Joliet, Ill. Her mother has not been
too well and enjoyed having her
daughter with her.

Mr. and Mrs. Richard Young left
Monday morning to spend the day
in Chicago as guests of Mrs. Young's
parents Mr. and Mrs. Medeen. They
will also take their new baby for a
check up. He came into the world on
August the 2nd at St. Elizabeth's
Hospital, Chicago.

Mrs. Alice Bell had the pleasure
of having her daughter from Pala-
tine for a nice chicken dinner on
birthday.

Little Miss Ida Miller who had the
misfortune of falling quite a distance
and as the result received a broken
jaw is getting along very nicely.
She is attending school but is not
supposed to talk yet. I just hope she
will soon be able to enjoy a good
meal. Eating thru a straw is no fun.

Visitors at Mrs. Arthur Krohno
Sunday were her son and wife, Mr.
and Mrs. Allen Henne of Chicago.
Also her daughter, Mrs. Dan Or-
sahni and daughter Movic of near
Richmond.

Frost showed up a few places here
last week and makes one think of
filling the oil tanks.

County PTA Council Meet Due Sept. 30

The first meeting of the Lake
County council of Parent-Teacher
associations is to be held on Wednes-
day, Sept. 30, at Shady Lane Grade
School, Fox Lake.

The school is located 1/2 mile west
of the junction of Routes 59 and 132.
An important business session be-
ginning at 8 p.m. will open the meet-
ing.

Mrs. Robert W. Nelson, first vice-
president of the Illinois Congress of
Parents and Teachers, will speak on
"Questions of Policy."

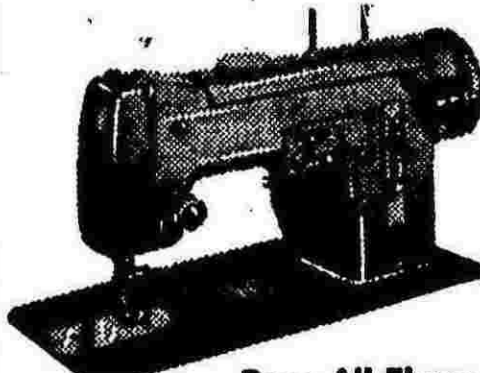

Mrs. James Phillip, council maga-
zine chairman, will present a maga-
zine skit.

A workshop on membership and
hospitality will be conducted by
Mrs. E. H. Robinson, district 26 mem-
bership and hospitality assistant
chairman.

Since October is P. T. A. member-
ship enrollment month, all member-
ship and hospitality chairmen are
asked to be present.

Mrs. Carl Neuman, council hos-
pitality chairman, and Mrs. Fred
Busch, council membership chair-
man, will assist with the workshop.

Women Of Moose

Antioch chapter No. 735, Women
of the Moose held its regular busi-
ness meeting Thursday, Sept. 17.
Many workers were in attendance.
A visit to Mooseheart is planned
for Wednesday, Oct. 14. Members
and their guests are invited. The bus
will leave from Mary's Restaurant
on Main St., at 9 a.m. sharp.
Lunch will be served at Moose-
heart.

The audit committee will meet at
the home of Senior Regent Jane
Verkest, on Monday, Oct. 5, 8 p.m.
Moosehaven Chairman Cecelia

Portalski, and her committee will
meet at the home of Louise Gutow-
ski, on Sept. 29, at 8 p.m.

On Oct. 8, at 8:30 p.m. there will
be ritual practice at the Moose Home.
Library committee will meet Oct.
19, at 8 p.m. at the home of Regina
Karrasch. Chairman is Jan Rhode.
Childcare committee will hold a
card party Wednesday, Oct. 7 at 8
p.m. at the home of Mildred Stroner.
Chairman is Barbara Wilson.
Oct. 1 will be the next meeting of
the Women of the Moose.

New School Pro and Con Is Discussed

By Pearl Kapell

CHANNEL LAKE—A meeting of the Channel Lake P. T. A. was held on September 16, at Channel Lake school. President Kay Lasco presided.

After reading of the minutes and reports from various committees, it was decided to purchase a steel cabinet to be installed in the school for the use of the P. T. A., and to buy a coffee maker for the use of the teachers.

Mrs. Lasco then introduced five members of the Channel Lake school board who were present—Mrs. William Chase, Russell Roepenack, Lee McKinney, Elmer Meierdick and Elmer Eberman.

She asked Eberman to explain duties and functions of the school board to the group. Eberman complied, and then presented the guest speakers for the evening:

Mrs. Bette Meyer and Mrs. Helen Kopriva of the advisory council and Mrs. Ruth Seyfarth of the Antioch high school board of education.

Mrs. Kopriva gave a short talk on the referendum to be put before the voters of the district on October 10, asking that bonds be issued to build a new high school at the corner of Deep Lake road and Loon Lake road.

She then introduced Bette Meyer, who read a prepared statement asking theoretical questions and giving the answers at which the board has arrived in its study.

The meeting was then thrown open to a question and answer session. Following are some of the questions asked, and the answers given, both question and answer being condensed as much as possible.

Mary Chase: Are you sure sewage system planned for new building will handle 1800 students, as claimed, if additions are made to the planned building?

Mrs. Seyfarth: The architect assures us it will.

Mary Chase: Isn't there a state law which requires a filtration plant be installed where more than 500 people are being served?

Mrs. Seyfarth: I'm not sure, although I have never heard of it. I will investigate and let you know.

(Mrs. Seyfarth reported the next day that she had investigated and was assured there was no such law.)

Mrs. Kopriva: I've never heard of such a law, and feel sure if there were such a law we would have heard of it.

Mrs. Wittleder: Why not put a U-shaped addition on the front of the building, attaching it to the north, or new, end, of the building, rather than the south, or old end?

Mrs. Seyfarth: This would abolish the parking place for students cars. **Mrs. Wittleder:** Why not use the present baseball field, east of the Soo Line tracks, for student parking?

Mrs. Seyfarth: This would mean we would have to build an overpass, or underpass, at the railroad tracks, which the railroad engineer estimates would cost about \$30,000.

Mrs. Wittleder: Why must cars be driven to school, when buses are provided for transportation?

Mrs. Kopriva: I discussed this question with Mr. Dittman. He says that parents will not support a movement to deprive the pupils of the use of their cars, and also that to do so would mean that the school would have to purchase additional buses to take care of the load.

Mrs. Wittleder: How many pupils will the proposed new high school hold?

Mrs. Seyfarth: The basic facilities — sewage system, corridors, cafeteria, offices, etc. will be large enough to accommodate 1600 students, with an eye to additions to the planned building.

Classrooms in the structure to be built at present, should this referendum pass, will accommodate 900 pupils.

Projected figures show that by 1970 we will have an enrollment of 2200.

Mrs. Kopriva: Additions to the old building would require alterations, which is always more expensive than building a new building.

Mrs. Meyer: Corridors in the old building would have to be widened if an addition were put on.

Mrs. Seyfarth: The library in the present high school is too small.

Anita Cook: The plan to build the new school only large enough for the junior and senior classes, keeping freshmen and sophomores in the old building, will mean that the juniors and seniors can not take any freshman and sophomore subjects.

This will deprive many of the children from taking courses they want to, particularly in the language department.

Mrs. Seyfarth: These are administrative problems, which will have to be solved by the administration. They usually iron themselves out.

Mrs. Meyer: The plan is meant to solve the problems of the majority of the students. Individual problems such as this sometimes have to be sacrificed for the greatest good for the greatest number.

MARY CHASE: If this referendum is defeated again, will you present the same referendum to the people the third time?

Mrs. Seyfarth: I can not possibly foretell what the board will do.

Elmer Eberman: Are plans of the new building proposed in the refer-

Antioch and Lake Villa To Host Firemen Meet

Antioch and Lake Villa will be the scenes of meetings of the Lake County Firemen's association next February and March respectively, it was announced by secretary Adolph H. Edgren.

The Antioch Rescue Squad will be host for the session on Feb. 22 and the Lake Villa fire department will host on March 28.

Highwood will be the scene of the Sept. 28 session, Waukegan on Oct. 26, Lake Zurich on Nov. 23, Lake Bluff on Jan. 25, Long Grove on April 25, Lake Zurich and Long Grove for convention on date to be announced, and Vernon on June 27.

endum available for inspection by the public?

Mrs. Seyfarth: Yes, at the high school.

Mrs. Harry Weiss: Isn't it true that there are plans to build a new Catholic high school, which will take many pupils out of our high school?

Mrs. Seyfarth: I have heard such rumors, but believe there are no definite plans at present, but if it were built it would be between Libertyville and Grayslake.

THE COST of transportation and tuition would be so high that we believe we would lose very few pupils.

(The next day, when contacted, Mrs. Seyfarth said she had checked with the Rev. Johnson, and he expressed the hope that the Catholic high school could be a possibility within two years.)

Copies of the paper read by Mrs. Meyer at the beginning of the discussion were available to anyone who wished them at the meeting.

Mrs. Seyfarth says copies of this paper, which gives answers to many questions on the problem, are available at the high school or at the office of the Antioch News.

12 Ladies Are Hired

Twelve women have been hired as personnel in the cafeteria at Antioch Township high school, the school board was told at a meeting last Wednesday evening.

The people named were both new and past members of the cafeteria

staff. The board voted to hire all of them.

They were Florence Brown, Jean Reed, Helen Stewart, Martha Sturm, Eva Gaylord, Florence Richter, Theresa Leonard, Hallie Bown, Jeanette Edwards, Jeanette Kriesant, Capitola Linder and Bernice Golden.

NOW.. '60 CHEVROLET TRUCKS WITH REVOLUTIONARY TORSION-SPRING SUSPENSION THAT GIVES ASTONISHING NEW SHOCKPROOF ACTION !!!!!

Chevy's done the next best thing to paving every road in America!

First they threw out the front axle and put in torsion-spring independent suspension. Then they built wide-base coil rear springs into most light-duty models, variable-rate leaf springs into heavies. That made it—a ride you have to feel to believe. A ride that lets you move faster to get more work done in a day's time.

Bravlier bulldozer build!

Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for the truck's body and sheet metal.

More comfortable cabs!

Easier to hop in and out of too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips. More real comfort!

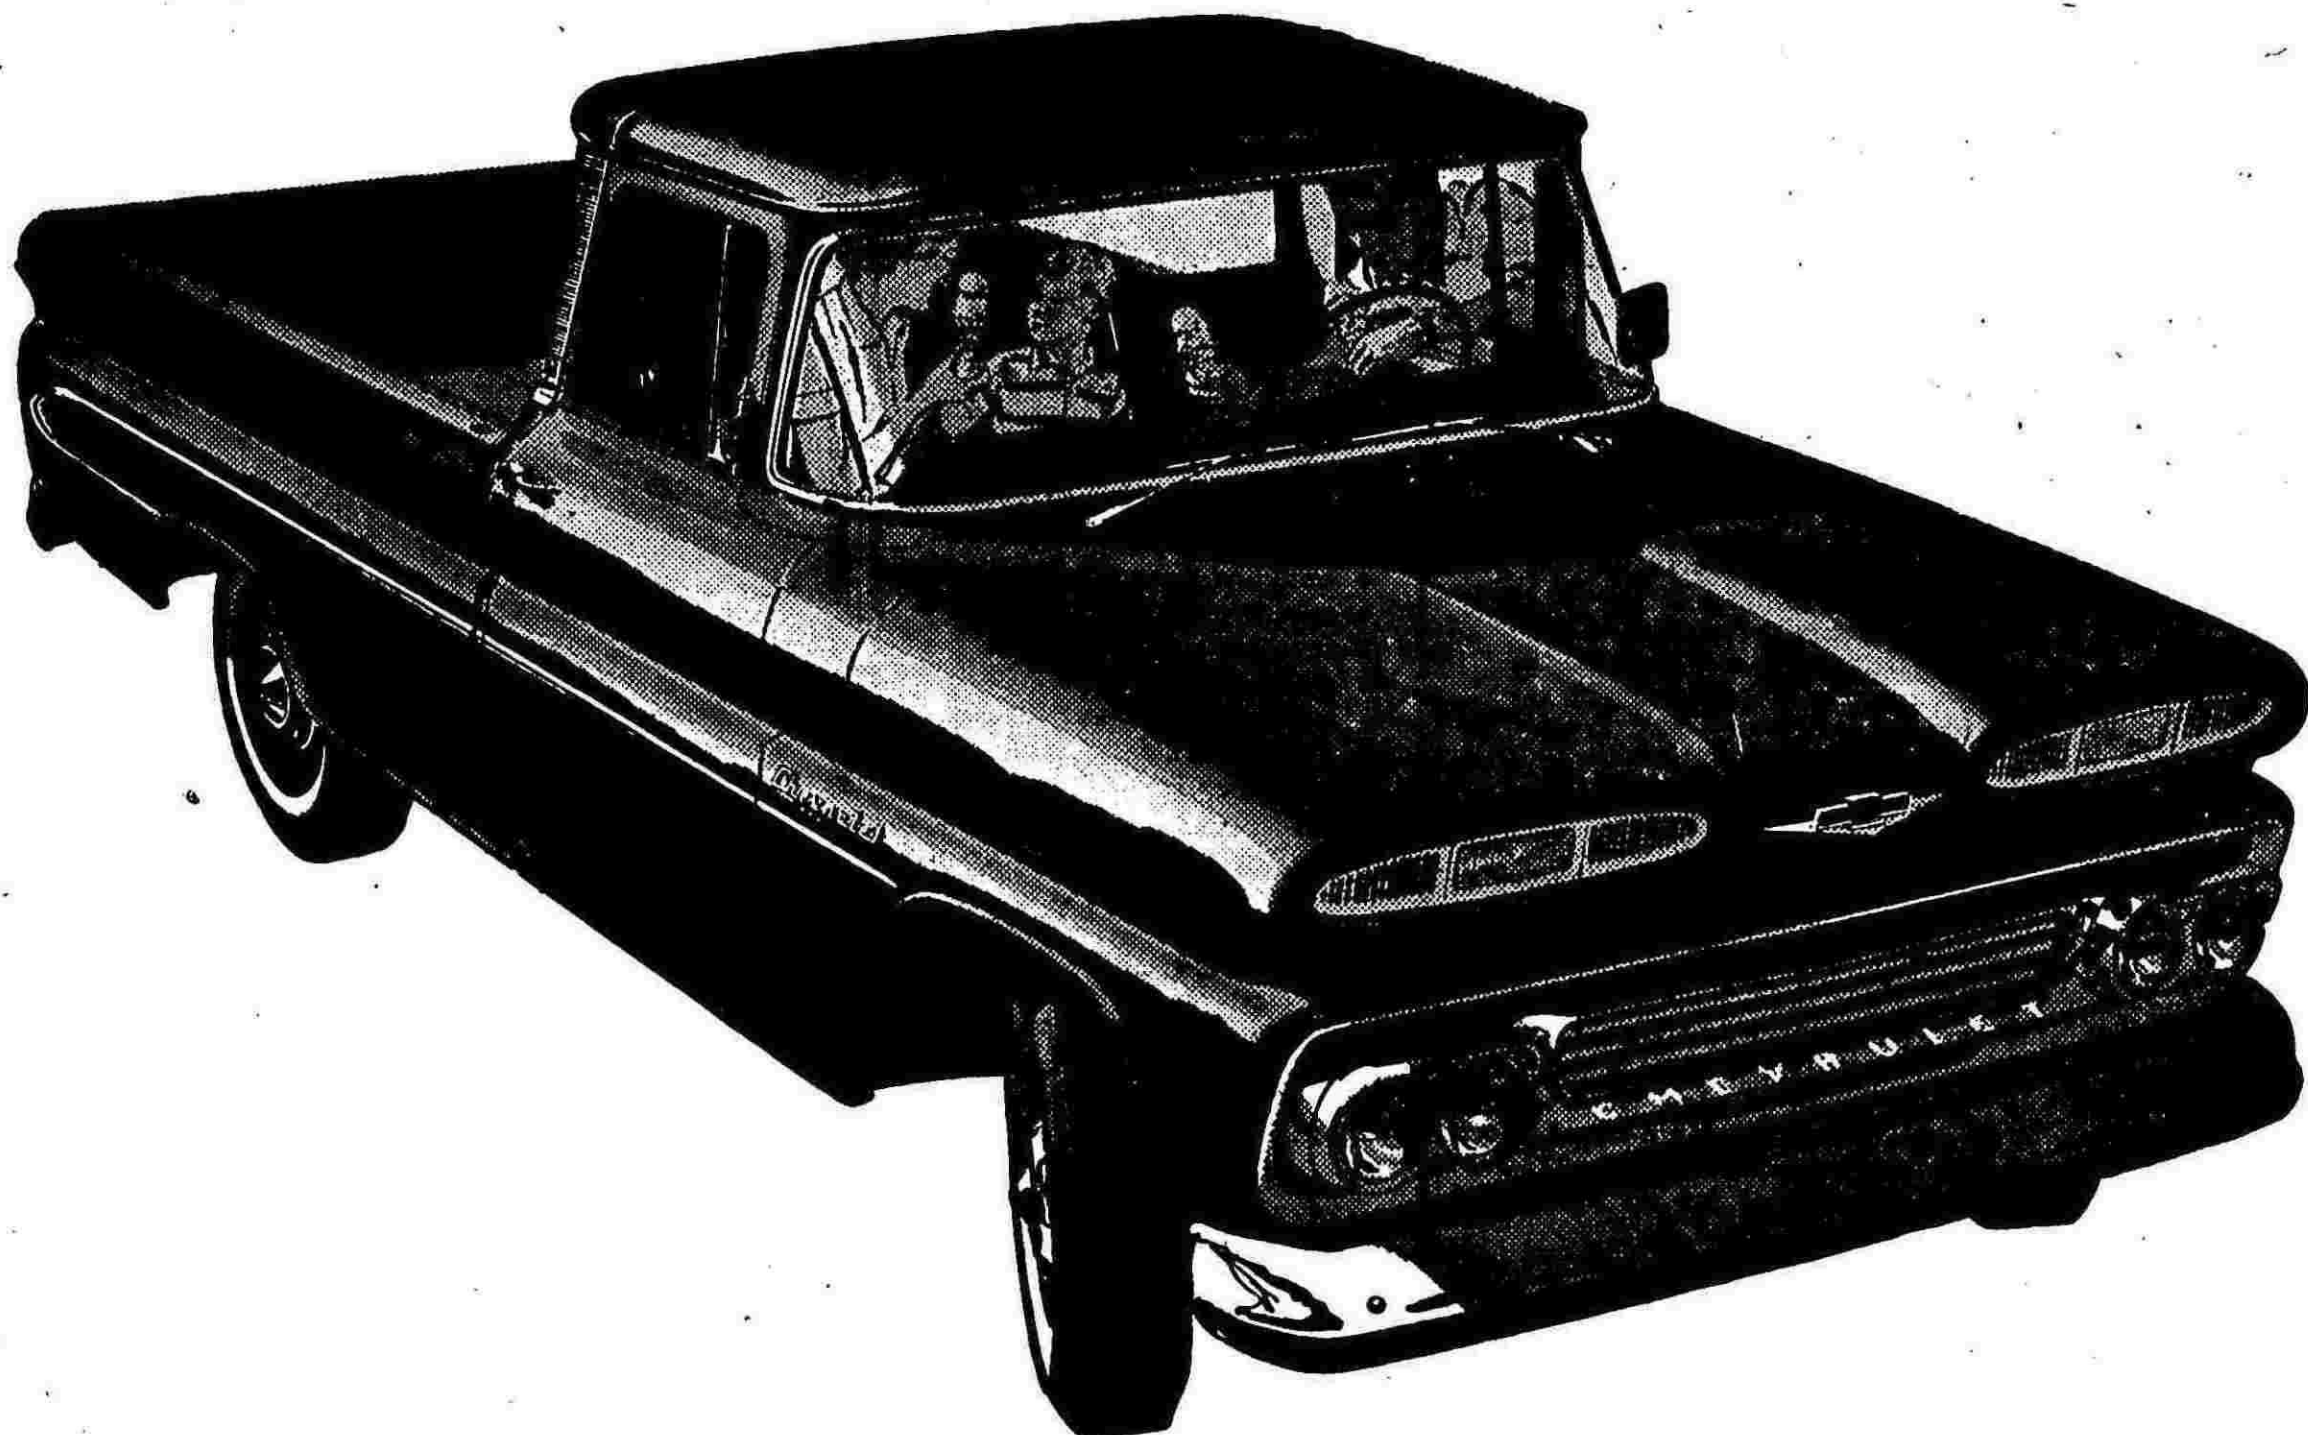

Big in the power department!

With the industry's most advanced gas-saving 6's. With high-torque Workmaster V8 performance in heavyweights. With new 6-cylinder or V8 power available in L.C.F.'s.

More models than ever!

New 4-wheel-drive models and tandems and high-styled Suburban Carryalls. It's the handsomest, hardest working Chevy fleet ever to report for duty. See your dealer soon for a ride!

Anything less is an old-fashioned truck!

See your local authorized Chevrolet dealer

Animal Shelter Ready for Use; Dog Owners Warned By Turner

By Pearl Kapell
Channel Lake Correspondent

CHANNEL LAKE — Wilbur Turner, Lake county animal warden, announces that the animal shelter is finally ready for use.

It's located at the old People's home at Libertyville and Turner already has three dogs confined which he picked up Saturday.

One, a small, white Scottie-type dog, had bitten or scratched little Randy Anderson of Lake Avenue, and will be confined for 10 days to determine if the dog has rabies.

The new building has three runs and will hold 12 to 15 dogs. He expects to have to finish some of the pens himself, because of the difficulty of getting a carpenter.

Turner announces that henceforth the law concerning dogs will be strictly enforced.

Any dog running loose without a rabies tag will be picked up and held for the period required by law—that is, seven days.

If not claimed by the owner in this time the dog will be humanely disposed of.

Turner also would like to remind the public that it is dangerous to handle small wild animals, because of the danger of rabies.

A Mrs. Shaver, of 118 Stanton Point road, was bitten by a mole Saturday. Turner took the animal to Chicago for examination.

Kathy Sue Eckert held a wienie roast recently to celebrate her eighth birthday. Her guests were Mary and Martin Luloff, Colleen, Jimmy and Viola Ward, Carla Reynolds, Pam and Billy Schaeffer, and Johnny, Donny and Sherry Eckert.

Mrs. Janet Kriesant and Mrs. Giles Edwards of Channel Lake are working in the high school cafeteria this year.

Mr. and Mrs. William Schultz, of Felter's subdivision and Morton Grove, are the parents of a girl, Susan Ann. Susan was born Sept. 7 and weighed seven pounds, seven ounces at birth.

We're all sorry to hear Giles Edwards is again a patient at the Lake County Tuberculosis sanatorium.

We're also sorry to hear Mrs. Pearl McKinney is back in Victory Memorial hospital.

Donna Jones and her children,

little Dana and Daniel, attended the birthday party of Allen Masopust on Sept. 22.

By the way, congratulations to Donna herself on her twenty-first birthday last week.

Mrs. Ray Meyer returned recently from a week's vacation at the Moore hotel in Waukesha, Wis. While there she took advantage of the mud baths and had a wonderful time resting and relaxing.

Mr. and Mrs. William Angstadt and family moved from Woodbine avenue to their new home in Naperville last week.

Ray Meyer left September 18 for a week's vacation at Little Arbor Vitae. He plans to do a lot of fishing.

There will be a Cub Scout pack meeting at the Channel Lake school at 8 p.m. Friday, Sept. 25.

Don't forget the roller skating party to be held at Twin Lakes Sept. 29. It's sponsored by the Community Club.

Seaman Jack Hucker sends an "Aloha" from Hawaii to his many friends in Channel Lake.

Private Harold Wilson was home on a short leave before being transferred to Fort Lewis, Wash. He left for his new post on Sept. 21.

While at the home of his parents, Mr. and Mrs. Harold Wilson, he was visited by his aunt and cousin, Mrs. Helen Barrett of Chicago, and daughter Charlotte.

Three Cub pack dens will hold a cook-out on Sept. 26.

Mrs. John Swanson of Sun-Side was honored on her birthday by a party at her home. Attending were Mrs. John Lavin, Miss Peterson, Mrs. Stephen Ryzsko, Mrs. Emil Frozeth, Mrs. Frank Foulis, Mrs. Grutzmacher, Mrs. Irving Veltum, Mrs. Hattie Schmidt, Mrs. Elga Bloom and Mrs. Emil Helberg.

Terry Dowell celebrated his 12th birthday with 12 young guests on Sept. 18. Refreshments were served and table favors given to each of the children.

Mrs. William Frey was guest of honor at a family dinner at her home to celebrate her birthday on Sept. 20.

If you want to sell — phone 43 or 44 and tell.

Licenses Suspended, Permits Are Issued

SPRINGFIELD— Several more residents of the Antioch-Lakes district of Lake county were among those whose drivers licenses have been suspended or have been issued probationary permits.

They include James O. Justice of 601 Sheridan Rd., Lake Bluff; Robert E. Lovgren, 321 Briar lane, Lake Bluff; John D. O'sborne, 2 E. Willow drive, Round Lake park; John F. Butler, 1508 Pleasant drive, Round Lake Beach, all suspended.

Probationary driver permits were issued to Frank J. Hellstern, Hillside drive, Lake Villa, and Joseph Dokman, 230 Highmoor drive, Round Lake Park.

Local Firm Awarded Venetian Blinds Job

The Best Venetian Blind Co. of Antioch has been awarded the job of supplying Antioch Township high school with venetian blinds in five of the school rooms.

Others bidding on the work were Universal Venetian Blind Co. of Forest Park and Mackin Venetian Blind Co. of Mokena.

James Corrigan, audio-visual aids director, at the school, had recommended that blinds be placed in rooms 25, 24 and 23 and shades in rooms 28 and 29.

These are to darken areas for opaque projection purposes in rooms 28 and 29.

Will Attend Concert

Members of the senior band at Antioch Consolidated Grade school were reminded this week of the trip to Waukegan scheduled Friday to hear the U. S. Marine band concert at 2 that afternoon.

The Band Parents association will pick up the tab for tickets. School buses will take the pupils and there will be chaperones.

Art Guild Will Meet

Next meeting of the Antioch Art guild will be held Thursday, Oct. 1, members were reminded this week. Previously group sessions had been held on Mondays.

Grace Strahan will conduct another in a series of three lessons now being presented by her.

Foot Notes

Four out of every five Americans suffer from some kind of foot ailment yet most of the trouble can be easily eliminated by a podiatrist.

Not that foot troubles are new—or peculiar to America. As far back as 1500 B.C. an Egyptian papyrus prescribed remedies for corns and diseased toes. The ancient Assyrians and Greeks described foot troubles in detail, while modern times' most famous sufferers were Napoleon, Queen Victoria and Abraham Lincoln.

In America, treatment of foot diseases virtually began with the first settlements, although podiatry, as a specialized profession, did not begin until a hundred years ago.

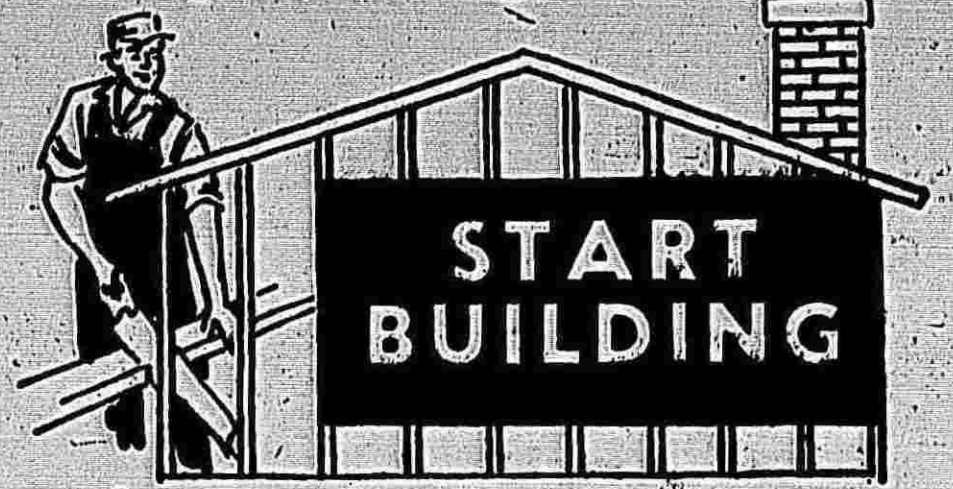

Today, there are 8,000 podiatrists in the United States. Their training requires 6 years of university work; 2 years of pre-podiatry study, and 4 years at a college of podiatry.

In addition to treating for corns, callouses, bunions, ingrown toe nails and athlete's foot, the most modern podiatrist can prescribe the correct arch supports in the case of flat feet and is qualified to perform minor foot surgery for fractures of the toes and metatarsal arch.

During the Korean war a helicopter from the heavy cruiser USS Helena made so many successful rescues of downed pilots that it earned the name, "Last Chance Taxi."

Mrs. Thomas Honored At Birthday Dinner

Mrs. Otto Thomas of Rock Lake was honored on her birthday recently with a few guests invited for a roast beef dinner with all the trimmings. Champaign served at 6 p.m. was also enjoyed by all.

Birthday wishes and gifts came her way from many friends and relatives.

Mr. and Mrs. Thomas and their guests enjoyed an evening of visiting.

Simplified Security ...at a saving

This agency represents INA, pioneers in insurance for American families since 1792. You can save time and money by getting all your insurance for your home, auto, life and for accident and sickness protection from INA, through us.

For example, INA's Homeowners Policy saves you money because it wraps up the benefits of several policies in one package. There's a convenient monthly payment plan, too, that makes it easy to afford the protection you want.

Stop in, talk it over. Or phone us for more information on INA and Simplified Security.

INSURANCE BY NORTH AMERICA

Harry Warner Recalls Early Days Of Channel Lake, Antioch Areas

By Pearl Kapell

Harry Warner

CHANNEL LAKE — To reach the age of 84 is no mean accomplishment. To reach this age with reasonable good health and a clear mind and memory is an even greater accomplishment.

Harry Warner of Sun-Side subdivision has achieved both.

Some of his memories of early Channel Lake and Antioch should be interesting to new settlers and stir some nostalgic memories in older ones.

Warner was born December 19, 1865, in Havana, Ill. His family moved to Chicago when he was about seven years old.

Warner built his present home for a summer cottage about 36 years ago. At that time, the channel which runs near his home had not been dug, though it was provided for in the subdivision plans.

Sun-Side was then part of Woodcrest subdivision.

LATER, THAT portion on the south side of the channel broke away and took the name of Sun-Side.

Harry Warner was elected the first president of the association, and he served in this capacity for 22 years.

In that time, he did much to improve the subdivision and solved many problems which cause friction in most organizations of this type.

Warner remembers when most of the homes in this area were summer cottages, empty in the winter.

Channel Lake, he says, has changed from country to a little city. And one gets the impression that he preferred it as it was in "the good old days."

Before the present school was built, he says, the frame schoolhouse which occupied the same site was sold at public auction.

IT WAS moved by the buyer to

its present site in Sun-Side and converted into a home, and is still in use. The cupola with a bell which topped the building was later sold to another resident.

A shed on the school grounds was purchased by Warner, and still is in use on his property.

He remembers the summer when Fibber McGee and Molly, the radio team, lived in a cottage on the lake front, which they rented from John Wilcox.

Warner's age has not lessened his sense of civic responsibility. He feels that the community has failed to provide for its young people, in not giving them a publicly supported building for recreation.

He recalls with some bitterness the defeat of the referendum to provide a gymnasium for Channel Lake school.

He remarked that he couldn't understand why someone didn't get busy and build a clubhouse for the use of the young people.

WARNER remembers when a reporter from the Antioch News was always present at the train station when a train came in or left, to ask travellers their destination and glean any other news of interest they could.

He can't recall how long he's subscribed to the Antioch News, but is sure it's at least 20 years.

During the winter, when he went to Florida or California, he had it sent down there and kept up on local news.

Although his eyesight has failed recently so that he can't read, he still has the paper read to him by his housekeeper, Mrs. Ruth Mills.

He also gets the news of the world, daily, in this manner, from the Chicago Tribune.

Warner's family moved to Chicago the year after the Chicago fire.

THE CITY then was quite unlike the Chicago of today. Warner attended the Marquette school on Jackson Boulevard.

His father was business manager of the Chicago Tribune, and always had a book of tickets to the Cub's ball games. The ball park, in those days, was on the lake front where the Art Institute is now.

Warner attended most of the ball games, running over after school was out after school opened. He saw the famous combination of Tinkers, Evers and Chance many times.

He remembers the early street cars on State St. — in those days, horse cars.

The fare was 5c, and during the winter there was hay on the floor of the cars to keep the rider's feet warm—or, at least, not so cold.

The car ran on one track, and when it reached the end of the line was driven on to a turntable to be turned so it could make the return trip on the same track.

HIS FIRST job was with Marshall Field Co.—then Field, Leiter and Palmer—at \$4 a week.

He was a half block from the Iroquois Theater when the disastrous fire started there, and was at the scene during the fire.

Delivery trucks from Marshall Field and Carson Pirie Scott & Co. aided in hauling away the bodies of the dead.

Warner's wife, Dude, has been dead for 14 years.

They had three children—Alden, killed in the first World War. (Mr. Warner is a direct descendant of John Alden. However, he has none of his famous ancestor's reticence—he's quite able to speak for himself). Stanley, living in Elmhurst Park, and a daughter, Hazel McGowen, residing in Santa Anna, Calif.

Warner worked for the C B & Q railroad for about 10 years as a traveling accountant.

He then worked for the interstate commerce commission, serving as chief examiner for this body for many years. He has been retired for 24 years.

THE ATOM bomb worries Warner not at all. However, he resents the expenditure of millions of dollars on what he considers a senseless attempt to reach the moon.

He feels the present juvenile delinquency is due to parental laxness, but says that "most of the kids he sees around are mighty nice kids."

He says he found out long ago that you can't get anywhere with young people by yelling at them, but that if you treat them with politeness and consideration, practically all respond in kind.

In all the years he has lived out here, he says, he has had no reason to complain of mischief from young people.

Cataracts have dimmed Warner's eyes to the point where he can no longer watch television, which used to be a favorite recreation.

HE ENJOYS the radio, being read to, and just talking with friends and neighbors.

For many years he did a great deal of walking, but rarely goes out now. He misses many of his old friends who have passed on. One of them, Johnny Wilcox, who would break into a nimble jig when he was 80—he mentioned particularly.

Not all his old friends are gone, though. He and Ernie Scheuner still visit regularly.

If he has an explanation for his long life, it's "contentment, and tending to my own business."

He says, "I always minded my own business and I sure didn't want any one else tending it for me."

Sgt. Birthrong, Family To Visit Lake Villa Folk

Mrs. Fred Bartlett, Corps.
Lake Villa, El. 6-5372

LAKE VILLA — Sergeant A. L. Birthrong and wife and three sons from Germany are coming to visit his parents, Mr. and Mrs. Robert Kammier of Lake Villa.

They will arrive about Oct. 1.

They will visit relatives at Norristown, Tenn. before coming to Lake Villa.

The VFW auxiliary sponsored a dance at Downey Tuesday with the following attending, Hospital chairman Arlene Slazes, Doris Blumen-schein, Ramona Sheehan, Kay Kastling, Arleen Popp, all of Lake Villa, Helen Keisler, Lillian Gray and Jeanette Keisler, all of Antioch. Sandwiches and coffee was served.

Mr. and Mrs. Carl Brucker of Waukegan were visitors Thursday at the home of Tina Gerber and Arlene Leitling.

Carla Bartlett was confined to her home a few days last week after she fell at school and hurt her knee.

Mrs. Evelyn Killough was able to return home Saturday after undergoing surgery at Victory Memorial hospital.

Enid Bartlett was a patient a few days last week at Zion Community hospital.

Joel Armstrong will enter the University of Illinois instead of Stout college, as stated in this column last week.

Sandra Bartlett was ill at her home over the weekend.

August Tanner of Chicago was a Lake Villa visitor Sunday.

Mr. and Mrs. Raymond Bartlett and family of Waukegan were visitors Sunday at the home of Mr. and Mrs. Fred Bartlett Sr.

Mrs. Irene Betts of Harvard, Ill. is visiting her son and family, Mr. and Mrs. Joseph Betts. Mr. and Mrs. Betts and son Danny drove to Har-

vard Monday to get her.

The Ka-Dette drill team participated in the VFW parade held at Dundee, Ill. Sunday. Also attending the parade Sunday was Mr. and Mrs. Edward Langbein and the Post Colors.

Mr. and Mrs. Anthony Scacero, Mr. and Mrs. Edward Langbein attended the VFW Membership Kick-off at the Palmer house in Chicago Saturday.

Mr. and Mrs. Karuin Karoluis visited relatives in Indiana over the weekend.

Don't forget the Annual dance to be given by the VFW club Saturday at the VFW home in Lake Villa, music will be by the "Rhythm Kings" of Channel Lake.

The next regular meeting of the VFW auxiliary will be held Monday, Oct. 5, at VFW home starting

at 8 p.m.

There will be a Royal Neighbor meeting Tuesday, Sept. 29, at the village hall. The Royal Neighbors convention will be held on Sept. 30 in Highland Park.

Bernard Schneider was ill at his home with the flu.

\$80,424 Is Paid To Co. Residents

SPRINGFIELD — Lake county persons receiving assistance and the amount of such payments in July were announced this week by the Illinois public aid commission.

Funds paid out totaled about \$80,424.

Aid to dependent children amounted to \$19,700 for 566 people during July, the report said.

Nineteen people received \$1,236 for aid to the blind.

Just over \$2,000 went to Lake county people needing disability assistance.

General assistance went to 371 people in the amount of \$23,591.39.

People receiving old age assistance numbered 589 and the total amount was \$33,897.

Overall public recipient rolls over the state continued to decline in the state, the public aid commission said.

The five public aid rolls totaled 367,593 persons in July, a drop from 368,777 in June of this year.

Contest Winner To Receive Crop

Some one will win a tree-ful of apples simply by estimating the number growing on a "prize-tree" as a feature of Bell's Mossley Hill Orchards 1959 "pick-your-own" apple program, starting this week.

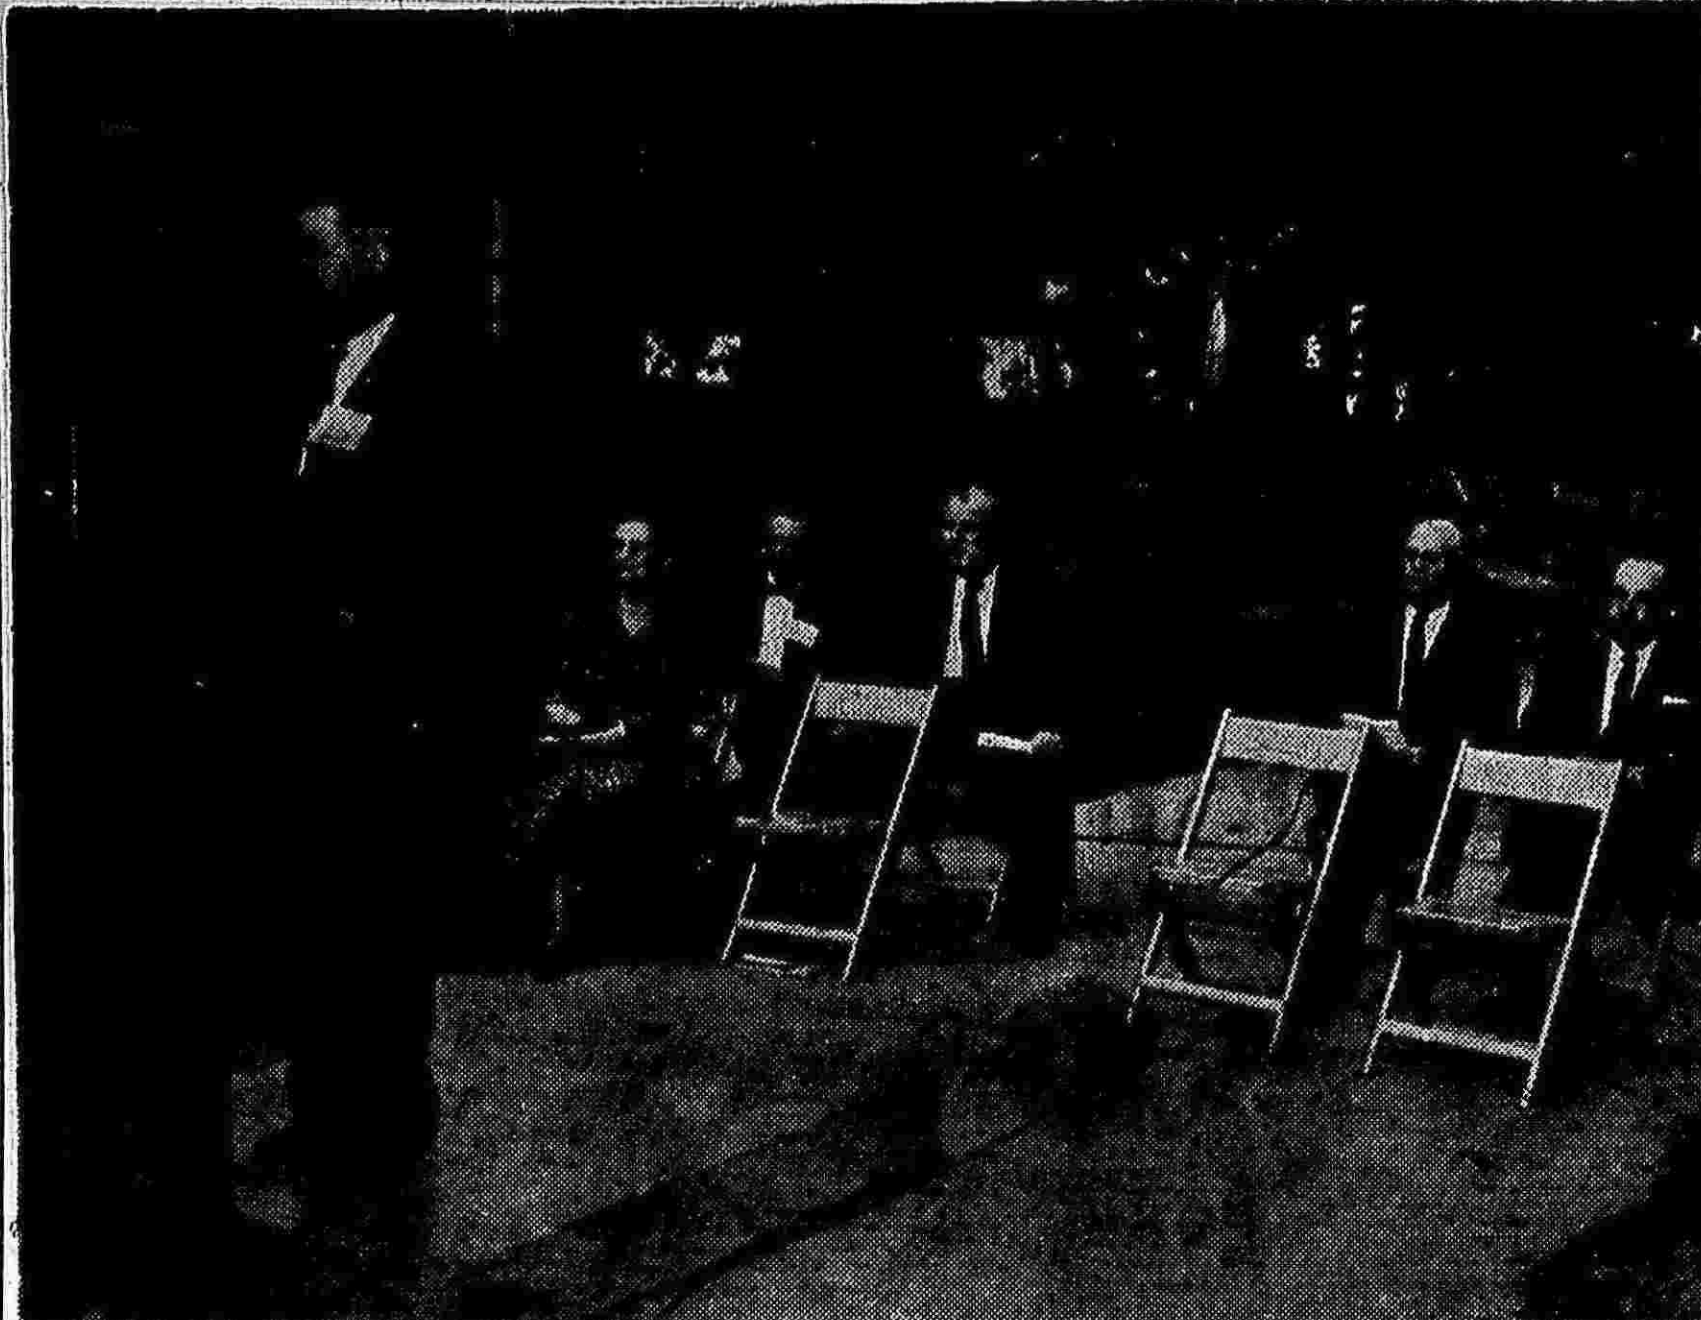

A special tree has been set aside in a golden-rope enclosure at the huge Bell orchard, near suburban Lake Zurich, at the intersection of Route 22 and U.S. Highway 12.

The person who most closely estimates the number of apples on the tree will receive the entire crop — a year's supply for the average family.

The winner may leave the apples in storage at the orchard, according to John Bell, owner, and draw them out as desired.

The "win a tree-ful of apples" contest will be the feature event of the 1959 "pick-your-own" apples program at Mossley Hill Orchards.

Entry blanks are available at the orchard for those who wish to enter the contest.

COTTAGES DEDICATED. These are some of the church notables who spoke or were on the platform at the dedication of two new cottages at the Central Baptist Children's home in Lake Villa last Saturday afternoon. A crowd estimated at 300 persons attended. Shown are, from left, Rev. Paul R. Shaub, executive director of the children's home; Mrs. A. J. Richardson, president of the home's directors; Dr. Warren Filkin, member of board of directors of the home; Dr. O. H. McDonald, official of American Baptist Home Mission Societies; Rev. R. C. Johnson, pastor, First Baptist church, Waukegan; Dr. C. C. Knapp, pastor, First Baptist church, Evanston.

Lotus Woods, Wildwood News

Jean Wrona
Justice 7-6082

We welcome two new families to Wildwood Subdivision. They are Mr. and Mrs. Jacobson and Mr. and Mrs. Magnus Ahlstromer.

Best wishes to Mr. and Mrs. Carl Groh of Lotus Woods on their 9th wedding anniversary which will be celebrated on Sept. 23rd.

Bill Wiczarek of Dunns Lake, a June graduate of Grant High School is now attending Kendall college of Evanston, Illinois.

The Lotus Woods Property Owners association had their meeting last Saturday, in which the new officers took over. Fred Wrona handed the president's gavel to Richard Striblen. The other officers were Harry Gurney, vice president; Jay Praeme, Secretary; Dorothy Striblen, treasurer, and will now be replaced by Fred Wrona, Mrs. Hejny and Ginger Jones respectively. Many important matters were discussed and a report was given on the Aug. 2nd picnic, which was a huge success.

Mr. and Mrs. Roger Johnson of Lotus Woods have just returned from a trip out west.

Happy Birthday to the following people of Lotus Woods.

Mr. Myron Erickson, whose birthday is on Sept. 23, and Miss Jeannie Wrona who will be 17 on Sept. 28th.

Also to Marge Bartu whose big day is Sept. 25th and to Tim Praeme who will be 11 years old on Sept. 21st.

Clean Dirty Spots To Prevent Flies

On the farm, the best fly-swatter is good sanitation.

Flies usually breed in dirty, moist places, points out the "Grassland News." So, the better job farmers do in eliminating these spots around the barn, the fewer the flies.

The "Grassland News" reports it's a good idea to clean stalls regularly and haul manure to the fields for spreading. If manure collects around the barn, it becomes a favorite breeding place for flies.

Although farmers can't cry over spilled milk — or feed — these are materials that attract flies, and should be cleaned up promptly.

Keeping the barn well ventilated and screened is also important and farmers shouldn't neglect keeping drinking fountains and automatic waterers clean.

Other places that may need special attention are hog pens, chicken houses, trash heaps, garbage dumps and areas around the base of silos.

Cleaning up these areas now will help eliminate the need for chemical control later on.

Carol Maplethorpe Part Time Teacher

Mrs. Carol Maplethorpe has been employed as teacher of one class in Spanish at Antioch Township high school. Hers would be the seventh period class in that language.

The high school board voted at its meeting last Wednesday evening to hire Mrs. Maplethorpe when it was

found that enrollment in Spanish I class had risen from 22 to 37 pupils. It was felt that 37 pupils were too many for one teacher to handle. Fifteen new children in the local high school had registered for the subject to raise the total.

Salary for Mrs. Maplethorpe was set at \$1,081 per year, figured on the same basis as other part time instructors.

Mrs. Ramona Sheehan will teach 3 1/2 periods of Spanish each day.

Need a new water heater?

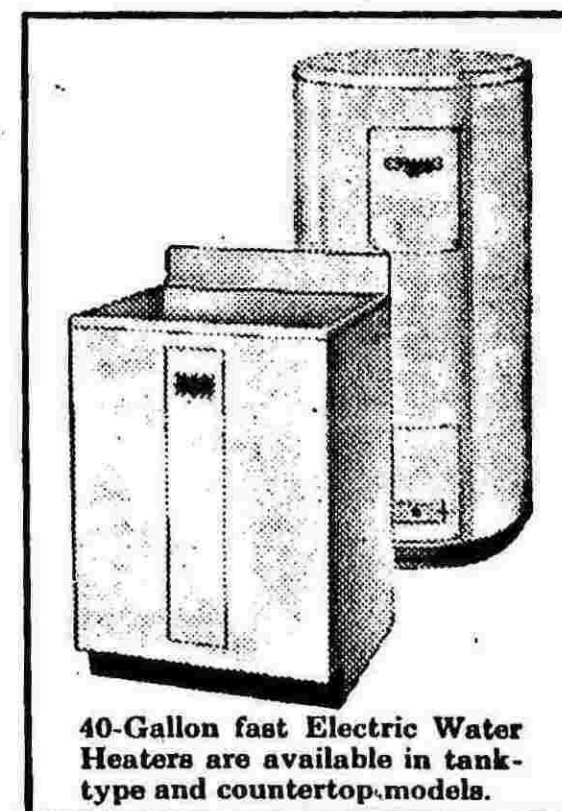

See the new, fast electric water heaters

40-gallon models will deliver up to 432 gallons of really hot water a day. And there is a new low, 24-hour-a-day electric water heating rate when you install one of these. Fast Electric Water Heaters are very compact, create no fumes, soot or smoke. No flue is needed. You can install a fast Electric Water Heater where you want it — basement, utility room, kitchen, bathroom, laundry—even in a closet.

It's almost impossible to run out of hot water for dishes, baths, automatic laundry, showers, shaves with one of these.

Most makes offer a 10-year warranty (even longer life-expectancy).

In tests, they show far less tendency to "lime up" and corrode—so you can expect maximum efficiency with a Fast Electric for far more years than ever before.

40-Gallon fast Electric Water Heaters are available in tank-type and countertop models.

SEE YOUR ELECTRIC APPLIANCE DEALER NOW
Get the facts, and you'll get a fast Electric Water Heater for sure!

Pictures Given By State Bank

The State Bank of Antioch has arranged to place in the Antioch Township high school a series of character-building concepts designed to fashion the thinking of youth along positive and constructive lines. These copyrighted, live-model pictures with short quotations of great philosophers are published by the Thomas J. Pickley agency of Chicago.

Leading educators around the country have found these visual aids a potent antidote for the tendencies towards juvenile delinquency hysteria.

They also state that modern youth has lost sight of the old-fashioned virtues that have made America great.

William Brook, vice president of the State Bank of Antioch believes

that these visual messages will do much to improve clear thinking and give the proper inspiration to our "citizens of tomorrow", embracing ideas that not only mold character, but bring to the consciousness of young folks straight from the shoulder truths about what it takes to make better citizens.

When a man thinks he can reduce family extravagance by budgeting, it's usually wishful shrinking.

Benefit Dance Slated

The third annual Antioch swimming pool benefit fall dance under sponsorship of the Antioch Lions club will be held Saturday Oct. 17, in the Lyons-Ryan Ford garage. Wally Weir and his Skyliners will provide the music starting at 8:30.

Tickets will be available at the State Bank of Antioch, the Antioch News, the Antioch Packing House and from all Lions club members.

GRAND PRIZE

A year's cash dividends on \$100,000 worth of Stocks. The winner selects either a single stock or any combination of stocks from the following: Aluminum Company of America, Ford Motor Company, General Electric, Standard Oil of New Jersey, or United States Steel Company. If you prefer, a representative of A. C. Allen & Company, member firm of the New York Stock Exchange, will help you make your selection. 12 months after selection, you will receive a check equivalent to the earnings in cash dividends on the \$100,000 worth of stocks you select.

99 OTHER CHANCES TO WIN VALUABLE PRIZES

2nd PRIZE: Combination Refrigerator-Freezer

Choose the brand you want from any of the fine manufacturers listed in the Yellow Pages. Pick out the new model refrigerator-freezer best suited for your home.

3rd through 100th PRIZES:

Turkeys for the Holidays

Not one, but two turkeys to each winner. Just before Thanksgiving and again just before Christmas, we'll send you a fully-dressed, plump 12 lb. Hen Turkey for your holiday pleasure. These are choice U.S. Gov't. Inspected birds, carefully raised on turkey farms right here in the Midwest.

OFFICIAL CONTEST RULES

1. Find the things that need fixing in the Contest Picture. Look in the Yellow Pages and find the heading for the service or product you think could best handle the fixing. Write your answer in the space provided on the Entry Blank. Then complete the fourth line of the jingle. Winning entries will be selected on the correctness of the Yellow Pages Contest answers and then by the originality, aptness, and clarity of thought in completing the jingle, by the Contest Judging Division of The Reuben H. Donnelley Corp. Judges' decisions are final and duplicate prizes will be awarded in case of a tie. No entries will be returned and all entries become the property of the Directory Publication Division of The Reuben H. Donnelley Corp.
2. All entries must be postmarked before midnight, Saturday, October 10, 1959, and received before October 21, 1959.
3. The first prize winner will receive a check for the equivalent of one year's cash dividends on \$100,000 worth of stocks to be selected at his or her choice from the list provided within 30 days after notification. Dividend year starts on date stock selection is made. The winner will not hold the stocks. The stocks need not actually be purchased. The second prize winner will receive a combination refrigerator-freezer. The next 98 winners will each receive two holiday turkeys. Winners will be notified by mail within 30 days after contest closes.
4. Winners hereby promise and agree to release The Reuben H. Donnelley Corp., its subsidiaries or affiliated companies, its advertising agency, and all telephone companies, from any and all claims of damages arising from or in any way connected with or resulting from his/her participation in this contest. This contest is sponsored by The Reuben H. Donnelley Corp. and not by any telephone company.
5. Entrants must be residents of Illinois or Lake County, Indiana. Employees and their immediate families of The Reuben H. Donnelley Corp., its subsidiaries or affiliated companies, and its advertising agency, are not eligible.
6. Each entry must be the original work of the contestant, filled out by contestant in his/her own name and must be signed in the space provided. Contest subject to all Federal, State and local regulations.

HERE'S ALL YOU DO

1. Find the things in our picture that need fixing up. Takes mere minutes, because we've numbered them, and the Entry Blank tells you what they are.
2. Look in your local Yellow Pages and find the heading for the service or product you think could best handle the fixing. Any answer giving an appropriate listing will be judged correct. For instance, for Number 12 (couch torn) any one of the following listings would be correct: Upholsterers; Slip Covers; Furniture Dealers (for new couch); etc.
3. Send in as many Yellow Pages Contest answers as you wish. Use this handy form or copy it on plain paper.
4. With each Yellow Pages Contest entry, complete the easy jingle in the Entry Blank.
